November 1, 2020

Dear Morton Students and Families/Guardians:

J. Sterling Morton High School District 201 prides itself on course offerings that challenge, inspire and provide career pathways for all students. We believe that our mission, Every Student Succeeds, drives the array of courses you will find in this book. This course offering book showcases each academic department and the various opportunities within the disciplines, providing visuals to the pathways that students can explore in their years with us at Morton.

For incoming freshmen, the course selection process begins with one of our AAA Open Houses in December. With the information available on our website (www.morton201.org) and from our curriculum directors, students can prepare for course selection at their school during the months of January and February.

To all of our students, families, and guardians, we encourage conversation and collaboration when reviewing this guide, engaging in discussions about your student’s goals and aspirations so that course selection is student-driven and reflective of future plans. Do not hesitate to reach out to your student’s counselor, teacher(s), and building administrator. Everyone at Morton is here to ensure your child’s success.

We sincerely hope you find this course offering guide to be a clear resource to course selection and a tool to revisit often for answers and guidance in your decision making. In closing, please accept our sincerest gratitude for entrusting us with your student(s); it is our great honor to serve you. Go Mustangs!

Sincerely,

Dr. Timothy Truesdale
District Superintendent
DISTRICT GOALS

- Accountability
- Enhanced learning opportunities for all children
- Ensure parents and the community are active, strategic partners in the educational process
- Provide safe and well maintained schools to enhance learning
- Run an efficient business operation

OUR MISSION AND VISION

Our vision is J. Sterling Morton High School District 201 educates all students to meet or exceed the standards of learning by providing educational experiences that challenge, engage, and empower them to be productive members of the global community.

Our mission is every student succeeds.

CURRICULUM

The curriculum is relevant to students and the community; is challenging, integrated, comprehensive; and provides opportunities to develop the skills and knowledge for employability and/or higher education. Instruction is student centered, using multiple and experiential learning strategies and extends beyond the classroom. The students and staff make optimal use of current technology. The staff is engaged in continuing professional development.

EQUAL EDUCATIONAL OPPORTUNITIES

No person shall be denied admission to any public school in the J. Sterling Morton High School District 201 or be denied participation in, be denied the benefits of or be discriminated against in any curricular, cocurricular, pupil services, recreational or other program or activity on the basis of: gender, gender identity, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or disability.

PROFESSIONAL LEARNING COMMUNITY

J. Sterling Morton District 201’s mission is that Every Student Succeeds. The Professional Learning Community model provided the process to live our mission for students. Using the PLC model has impacted both student learning and staff collective expertise. S.M.A.R.T. goals center our work and are at the heart of our improvement process. Morton teachers work collaboratively to build curriculum, design assessments and utilize data to meaningfully engage students so that every student succeeds at learning.

CULTURE FOR LEARNING

The climate of J. Sterling Morton High Schools is characterized by the high morale and positive attitudes of staff and students, the value and respect given to each person. It is a safe and nurturing environment. Parents of J. Sterling Morton High School Students are well informed about the District’s mission and goals and are active communicators with each other, their children and all personnel of the District. Working partnerships are developed and shared; decision-making is cultivated between school, community and home. The District has sufficient resources to attain its mission.
WELCOME TO J. STERLING MORTON HIGH SCHOOL DISTRICT 201

WHO ARE WE?

J. Sterling Morton High School District 201 is a school district headquartered in Cicero, Illinois, United States. The district serves the city of Berwyn, the town of Cicero, and the villages of Lyons and Stickney. A small section of McCook also lies in the district boundaries.

The School Board of District 201 believes that student behaviors in school should reflect good citizenship and self-discipline. Students need to contribute to their own success.

SCHOOL DIRECTORY

NAVIGATING THROUGH NAVIANCE

WHAT IS NAVIANCE?
Naviance Student is a college and career readiness platform that allows you to research careers and colleges, learn more about yourself through personality assessments, build a resume, and eventually, track the college application process. Naviance Student is mobile-friendly, simple, and intuitive.

Check out what Naviance Student has to offer by using your device’s internet browser. Your student platform can be accessed at the following addresses:

- Morton East High School: https://student.naviance.com/jsmehs
- Morton West High School: https://student.naviance.com/jsmwhs
- Morton Freshman Center: https://student.naviance.com/jsmfc
- Morton Alternative School: https://student.naviance.com/jsmas

LOGGING IN AND ACCESSING STUDENT NAVIANCE
The following picture depictions are visual steps to assist students in logging into their Naviance student account.

ACADEMIC ACHIEVEMENT

GRADING PHILOSOPHY
Today’s educational climate endorses the concept that all children are capable of learning and that no child should be left behind. Assessing student achievement is a necessary part of the educational process. In J.S. Morton District 201, grades are used to communicate the academic progress and achievement level of students. Semester grades provide an official record of each student’s achievement. Grades are assigned in a manner that is fair, consistent, non-biased, and intended to motivate and inspire students to achieve academic excellence. Grades will be based on high standards that are aligned with Common Core State Standards, Objectives, and Benchmarks. In accordance with these concepts, it is imperative to accurately assess each student’s learning and communicate the student’s progress to parents.

GUIDING PRINCIPLES
Teachers have academic freedom in assessing student achievement, provided the grading is consistent with District 201 philosophy and is academically justifiable, consistently applied, and legally defensible. Teacher expectations are consistent with departmental course outlines. Grading are not to be used for disciplinary purposes. Assessments are valid and measure what they propose to measure. Therefore, course grades communicate a continuum of development ranging through the following levels:

<table>
<thead>
<tr>

GRADUATION REQUIREMENTS (BOE POLICY #6:300)

The administration and professional staff shall establish a system of grading, develop procedures of reporting academic achievement to parents and students, and determine when the requirements for graduation have been met. A student must take the SAT as part of graduation requirements per the Illinois State Board of Education.

Please note: No repeat courses will be offered during the regular school day. Students who must repeat a course due to failure or withdrawal may register for the course in night school or summer school or other approved program. Students in the Special Education program will be reviewed on a case by case basis.

SAT GRADUATION REQUIREMENT
The SAT is a standardized test widely used for college admissions in the United States and abroad. The SAT School Day Test is a graduation requirement by the Illinois State Board of Education for all 11th grade students.

The SAT measures literacy, problem-solving, and writing skills that are needed for academic success in college. The use of the SAT in combination with high school grade point average (GPA) provides a better indicator of success in college than high school grades alone. The SAT consists of three major sections: English-Based Reading, Mathematics, and English-Based Writing.

To prepare for the SAT Assessment, students along with their counselor should develop a systematic academic plan. Students can also access Official SAT Practice on Khan Academy® to receive personalized study resources based on their test results from the SAT Suite of Assessments (including PSAT 8/9 and PSAT/NMSQT). The best preparation for the SAT is successful completion of academic courses.

</tbody>
</table>

Remainder of credits to be Electives

TOTAL CREDITS REQUIRED FOR GRADUATION: 20
REPORT CARDS

Parents should expect to receive a report card in the mail approximately two weeks after the end of each semester. In addition, parents will receive a progress report in the mail approximately halfway through each semester. The best way to monitor students’ grades is on Skyward Family Access.

An incomplete grade due to medical or other attendance-related reasons must be made up by the end of the subsequent semester or the grade will become an “E”. An incomplete due to academic reasons must be made up by the end of the third week of the subsequent semester or the grade will become and “E”.

GRADE POINT AVERAGES

Grade point averages are computed by adding up the number of points (A=4, B=3, C=2, D=1, E/F=0) and dividing by the number of courses a student has taken.

HONOR COURSES TO BE GIVEN WEIGHTED GRADES

Students who enroll in the following advanced placement courses or designated accelerated and/or enrichment courses will be given an extra honor point when their grade point average is determined (A=5, B=4, C=3, and D=1).

HONOR ROLL

Only full-time students are eligible for honor roll and class rank recognition. A full-time student is defined as a student enrolled in the equivalent of two and one-half credits per semester (5 courses). Only one-half of the two and one-half credits may be P.E.

GOLD HONOR ROLL

Gold Honor Roll is achieved by full-time students who are enrolled in at least five courses (two and one-half credits), only one of which may be P.E, and earn a 4.0 or higher grade point average.

SILVER HONOR ROLL

Silver Honor Roll is achieved by full-time students who are enrolled in at least five courses (two and one-half credits), only one of which may be P.E, and earn a 3.0 to a 3.99 grade point average.

A grade of “D” or “E” in any subject including P.E. will disqualify a student from the Honor Roll. Any student having questions regarding the Honor Roll should consult with the advisor of the National Honor Society or a guidance counselor.

GRADUATION RECOGNITION

Morton recognizes graduates for academic achievement according to a Collegiate Honors framework. The distinctions for graduation recognition are:

- Summa Cum Laude – “With Highest Praise or Distinction”
  3.90+ weighted GPA
- Magna Cum Laude – “With Great Distinction”
  3.70 – 3.89 weighted GPA
- Cum Laude – “With Distinction”
  3.50 – 3.69 weighted GPA
EARLY GRADUATION

EARLY GRADUATION
The Superintendent or designee shall implement procedures for students to graduate early, provided they finish seven (7) semesters of high school and meet all graduation requirements.

GRADE CLASSIFICATION:
Grade 10  5 Credits
Grade 11  10 Credits
Grade 12  15 Credits and completion of the SAT School Day Test during 11th grade year.

STUDENT VOLUNTEERS (BOE POLICY #6:250)
The Board of Education encourages the use of resource persons and volunteers to: (1) increase students’ educational attainment, (2) provide enrichment experiences for students, (3) increase the effective utilization of staff time and skills, (4) give more individual attention to students, and (5) promote greater community involvement.

Resource persons and volunteers may be used:
1. For non-teaching duties not requiring instructional judgment or evaluation of students;
2. For supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media (such as computers, video, and audio), detention and discipline areas, and school-sponsored extracurricular activities;
3. To assist with academic programs under a certificated teacher’s immediate supervision;
4. As a guest lecturer or resource person under a certificated teacher’s direction and with the administration’s approval; or
5. As supervisors, chaperones, or sponsors for non-academic school activities.

The Superintendent shall establish procedures for securing and screening resource persons and volunteers. A person who is a “sex offender”, as defined by the Sex Offender Registration Act, or a “violent offender against youth,” as defined in the Child Murderer and Violent Offender against Youth Registration Act, is prohibited from being a resource person or volunteer.
ACADEMIC CRITERIA FOR PARTICIPATION IN CO-CURRICULAR ACTIVITIES

Selection of members or participants is at the discretion of the teachers, sponsors, or coaches, provided that the selection criteria conform to the District’s policies. Participation in co-curricular activities is dependent upon course selection and successful progress in those courses. In order to be eligible to participate in any school-sponsored or school-supported athletic or extracurricular activity, a student must satisfy the Illinois High School Association’s scholastic standing requirements (passing at least 20 credit hours of high school work per week). Any student-participant failing to meet these academic criteria shall be suspended from the activity until the specified academic criteria are met.
MORTON ATHLETIC PROGRAM

Morton High Schools offers a comprehensive sports program for young men and women dedicated to developing athletic achievement as an integral part of the student’s overall education.

Involvement in the program encourages and builds the student’s self-confidence and esteem, develops leadership and group interaction skills, and fosters a sense of accomplishment. Participation in the program inspires a will to succeed in athletics, in academics, and in life.

Sports at Morton are a tradition and an honor. Morton athletes contribute significantly to the school and community through their efforts, hard work, and dedication.

An enthusiastic and qualified coaching staff works with the athletes, guiding their interest and abilities in the sport(s) of their choice, and urging academic excellence.

Morton High School is a member of the West Suburban Conference, which is made up of 14 schools in the western suburbs. There are two divisions in the conference. Morton is in the Gold Division. Other schools in their division include Addison Trail, Downers Grove South, Hinsdale South, Leyden, Proviso East, and Willowbrook.

Students at Morton can compete in 26 different sports and on multiple levels for each sport. Through the years, Morton teams have achieved more than their share of league and tournament championships. Individuals have also set numerous records and won All-State and All-Conference honors.

ATHLETE REQUIREMENTS

• All athletes must be passing 20 hours (4 classes) of classroom work from the previous semester in order to be eligible for athletics, except incoming freshmen.
• Current IHSA physical must be on file in the Athletic Director’s office before a student can tryout.
• Incoming freshmen must provide the Athletic office with a copy of their school physical for athletic eligibility.
• Physicals are good for 13 months and must be renewed by a physician every 13 months.
• All forms are available in the Athletic office at the East and West campus or online at: https://www.morton201.org/domain/54

Check https://www.morton21.org/Page/140 for tryout times and locations.

</tbody>
</table>

This course will provide you with a solid foundation to study accounting in college and also provide you with the skills needed for entry-level jobs such as bookkeeper, bank teller, and payroll clerk. Students will analyze business transactions, prepare financial documents, and analyze information for a small service company. Online programs and software are used to provide students with real-world accounting experiences.

### ACCOUNTING III (ELECTIVE)

<table>

<td>B33R0F</td>
<td>10-12</td>
<td>B33ROS/B33R0F</td>
<td>None</td>
<td>1.0</td>
</tr>
</tbody>
</table>

Accounting III is a course that builds upon the foundation established in Accounting I. This course is planned to help students to develop deeper knowledge of the principles of accounting with more emphasis being placed on financial statements and accounting records. It is a study of previously learned principles as they apply to the more complicated types of business organizations: partnerships, corporations, branches, etc. The students may become familiar with such specialized fields of accounting as cost accounting, tax accounting, payroll accounting, and others. Some students may choose to do specialized accounting computer applications, and others may elect payroll clerk, data processing computer applications. Simulated business conditions may be provided through the use of practice sets. Skills are developed in the entry, retrieval, and statistical analysis of business data using computers for accounting business applications.

### MARKETING (ELECTIVE)

<table>

<td>0.5</td>
</tr>
</tbody>
</table>

Students will be exposed to Marketing through four main areas—Product, Price, Place, and Promotion. The four areas will be covered through a variety of ways—case studies, real-world experience, and applied marketing activities. Students will also come to recognize the potential job opportunities available in marketing as they gain an understanding of how products reach the consumer through the aid of marketing.

### ENTREPRENEURSHIP (ELECTIVE)

</tbody>
</table>

Students learn the skills needed to effectively organize, develop, create, and manage their own business. Emphasis is placed on: characteristics, marketing, economics, managing resources, and finances. Additional skills developed include: creativity, initiative, problem solving, flexibility and adaptability. Students will develop written components of a business plan, work in cooperative learning teams and individually, research current business news, make oral presentations, and role-play business situations. This course will allow students to communicate effectively in the workplace, learn to work independently to plan, construct, and problem-solve a variety of business situations, and use technology to create professional documents.

Students will be introduced to the accounting cycle, the principles used to determine the value of assets, liabilities and owner’s/stockholder equity, and how to prepare financial statements. Students will analyze and interpret financial accounting data to make informed business decisions. This will include real company data and examples, corporate social responsibility situations, analyzing financial problems and writing solutions and recommendations. Students will gain a solid foundation for future study in accounting and provide them with the career and technical skills necessary for continuing college education. Students will practice the critical thinking skills required in degree programs. Finally, as students complete their studies in Financial Accounting they can earn three hours of college credit through the dual credit program.

This foundation-level course prepares students to use technology in a proficient and responsible manner in school, in the workforce, and in everyday life. The course contains skills for working in an Internet or networked environment and the knowledge of what it means to be a good digital citizen and the ability to use technology responsibly. Topics include the benefits and risks of sharing information online, and the possible consequences of inappropriate sharing (oversharing). Students explore the legal and ethical dimensions of respecting creative work. Technology use is a vital employability skill for entry-level and upper-level management positions. Students may be provided with the opportunity to seek industry-recognized digital literacy certifications.

This course follows the Advanced Placement curriculum issued by the College Board. AP Computer Science emphasizes object-oriented programming methodology with an emphasis on problem solving and algorithm development and is meant to be the equivalent of a first-semester course in computer science. This course utilizes Java and C++ to develop and run a variety of programs. It also includes the study of data structures and abstraction.

In Computer Programming, students will learn the basics of Java in an interactive development gaming environment. Java is an object-oriented language and students will use this to create interactive computer games. Students will develop knowledge in designing, writing, testing, and running programs for computer games in a collaborative, student-centered environment. After creating their own games, students will compete in game tournaments with the games they developed. They will also work collaboratively with each other to develop fun, creative games by using Greenfoot, a game development platform. This class has no pre-requisite, is an elective available for all grades, and one semester course.

Web Page Design I is an entry skill-level course designed to prepare students to plan, design, create and maintain web pages and sites. Students will learn the essentials of web page design using HTML and CSS coding and text editors. Students will work in a project-based environment to create interactive websites. Students will learn to create pages, add hyperlinks, make tables and frames, create forms, integrate images, and set styles. Students will use interactive menus and buttons, and visuallyAppealing backgrounds. Students will use hardware and software to capture, edit, create, and compress audio and video clips. After learning html coding, students use Dreamweaver, which is computer software for designing and maintaining web sites. The students will learn multimedia skills to combine Flash and Dreamweaver to make engaging and integrated web sites.

Web Page Design II is a skill-level course for students who have completed Web Page Design I. Instruction will include using multimedia authoring applications and programming tools such as JavaScript to create a web site that combines text, hyperlinks, images, video, and sound. Instruction will include using hardware and software to capture, edit, create, and compress audio and video clips as well as create animated text, graphics, and images. Other topics will include using tables to align images with text, creating newspaper-style columns, and inserting side menus and call-outs. Students will learn how to use templates, cascading style sheets, and interactive elements to enhance web pages. Students will learn to create dynamic forms that include multiple-choice questions, comment boxes, and buttons. Students will learn how to connect to a database and retrieve and write data. Students are encouraged to develop a portfolio project that demonstrates their expertise in areas such as multimedia authoring, web development, audio and video editing, and advanced JavaScript applications to create interactive web pages.

Web Page Design courses teach students how to design web sites by introducing them to and refining their knowledge of site planning, page layout, graphic design, and the use of markup languages-such as Extensible Hypertext Markup, JavaScript, Dynamic HTML, and Document Object Model-to develop and maintain a web page. These courses may also cover security and privacy issues, copyright infringement, trademarks, and other legal issues relating to the use of the Internet. Advanced topics may include the use of forms and scripts for database access, transfer methods, and networking fundamentals.

ARTS, AUDIO/VISUAL TECHNOLOGY AND COMMUNICATIONS

THE AAVTC PATHWAY FOCUSES ON CAREERS IN DESIGNING, PRODUCING, EXHIBITING, PERFORMING, WRITING, AND PUBLISHING MULTIMEDIA CONTENT INCLUDING VISUAL AND PERFORMING ARTS AND DESIGN, JOURNALISM, AND ENTERTAINMENT SERVICES. CAREERS IN THE AAVTC PATHWAY REQUIRE A CREATIVE APTITUDE, A STRONG BACKGROUND IN COMPUTER AND ELECTRIC-BASED TECHNOLOGY APPLICATIONS, A STRONG ACADEMIC FOUNDATION IN MATH AND SCIENCE, AND A PROFICIENCY IN ORAL AND WRITTEN COMMUNICATION.

GRAPHIC ARTS I: ADOBE PHOTOSHOP AND ILLUSTRATOR (ELECTIVE)
I51R0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: NONE
CREDIT: 1.0

Graphic Arts 1 Photoshop is an engaging and exciting course that keeps each student involved on a daily basis. The course integrates both independent and group work. Graphic Arts 1 Photoshop is the 1st in the 3 year sequence of Graphic Arts courses at Sterling Morton High School. Students begin by being introduced to various Career Pathways in the Graphic Design and Printing Industry. Students develop skills in file management and navigation on various network drives including file transfer from mobile devices and internet. Additionally, students will be introduced to Photoshop interface and tools including: selection tools, clone tools, filters, shapes and typography. This is a fun way for students to learn about the added features that are available in the Photoshop application. Students will apply the design loop to develop an idea into a professional quality, finished product. Design projects are created using this software then printed, trimmed and built into a real world, hands on project. Major class projects include various sized posters, professional quality buttons, personal and customized magazines and a custom 13 month individual calendar to take home. Students will gain the ability to learn and understand the purpose of various digital printing machines, as we use these to print out specific projects. Graphic Arts 1 Photoshop is an interactive course that is designed to be a form of hands on learning. Through the various projects and in classroom work, students not only learn how adobe Photoshop works, but gain and understanding of how organizations use this type of tool for various industry purposes.

GRAPHIC ARTS II: DESIGN AND PRODUCTION PRINTING (ELECTIVE)
I53R0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: I51R0F/I52R0S
CREDIT: 1.0

This course provides advanced instruction in the use of Adobe Suite software in product design for the creation of digitally printed and other products. Students will learn the use of digital printing equipment, electronic workflows, small business concepts, offering accelerated design techniques common to all graphic communications occupations. Planned learning activities will allow students to become knowledgeable of fundamental principles and methods to develop technical skills related to the graphic arts industry. Instruction will expand on understanding of color, major design principles and three-dimensional objects. Students will learn sketching and design procedures along with publishing layout techniques. Design teams will focus on cooperative product design and media applications.

GRAPHIC ARTS III: INDEPENDENT PRODUCTION (ELECTIVE)
I55R0F - SEMESTER 1
GRADE 12
PREREQUISITE: I53R0F/I54R0S
CREDIT: 1.0

This course provides advanced instruction in the use of Adobe Suite software in product design for the creation of digitally printed and other products. Students will learn the use of digital printing equipment, electronic workflows, small business concepts, offering accelerated design techniques common to all graphic communications occupations. Planned learning activities will allow students to become knowledgeable of fundamental principles and methods to develop technical skills related to the graphic arts industry. Instruction will expand on understanding of color, major design principles and three-dimensional objects. Students will learn sketching and design procedures along with publishing layout techniques. Design teams will focus on cooperative product design and media applications. This course is for students interested in pursuing a graphics career and wishes to experience real-world activities through a variety of print services for clubs, staff, and administration. Students will work closely with clients to design, estimate, develop, print, and finish business forms. Using state of the art equipment and Adobe Suite software; students will create brochures, flyers, posters, booklets, and more utilizing their experiences and practices.
Child Care Provider/Assistant Pathway

- Child Development I

  - One Year Course
  - Starting in Grade 11
  - F23R0F/F23R0S

- CERTIFICATIONS A STUDENT MAY EARN UPON COMPLETION OF THE CHILD CARE PROVIDER/ASSISTANT PATHWAY ARE ECE LEVEL 1 EARLY CHILDHOOD EDUCATOR, HEALTH & SAFETY, SIDS, SBS, AND ILLINOIS STATE MANDATED REPORTER.
- STUDENTS WHO EARN A C OR BETTER IN CHILD DEVELOPMENT II & III ARE ELIGIBLE FOR MORTON COLLEGE CREDIT.
- SCHOLARSHIPS ARE AVAILABLE UPON PATHWAY COMPLETION.
- STUDENTS WHO EARN A C OR BETTER IN CULINARY III ARE ELIGIBLE FOR COLLEGE OF DUPAGE CREDIT.
- CERTIFICATIONS A STUDENT MAY EARN UPON COMPLETION OF THE COOKING AND RELATED CULINARY ARTS PATHWAY ARE SERVSAFE FOOD HANDLERS AND SERVSAFE FOOD MANAGERS CERTIFICATION.
- SCHOLARSHIPS ARE AVAILABLE UPON PATHWAY COMPLETION.
**FAMILY AND CONSUMER SCIENCES**

The Family and Consumer Sciences prepares individuals for jobs related to the needs of individuals, groups, and society, leading to career opportunities in education and training, government and public administration, law, public safety, corrections, and security and human services, along with personal care services. Individuals might work in schools, daycares, government agencies, law offices, hospitals, salons or spas, or in the community.

**Child Development I (elective)**

- **F31R0F - semester 1**
  - Grades: 10-12
  - Prerequisite: None
  - Credit: 1.0
  - Foundation course explores theory and principles of child growth and development from prenatal through eight years old. In-depth study of cognitive, language, physical, social-emotional and aesthetic development is explored in light of the theories of early childhood development, with emphasis on implications for early childhood professional practice. Students will explore observational techniques and assessment practices that facilitate understanding of child development. Through supervised observations and experiences, in a childcare facility, the relationship between careful observation, communication and children's interactions is documented. This course focuses on issues related to nutrition, health and safety of the individual child and children in group settings. The principles of planning, implementing, and evaluating a developmentally appropriate curricula are studied.

**Child Development II (elective)**

- **F32R0F - semester 1**
  - Grades: 11-12
  - Prerequisite: F31R0F
  - Credit: 1.0
  - This course provides overview of early childhood care and education, including historical perspectives, organization, structure, and basic values in Early Childhood Education. Professional practices of early childhood educators are outlined with an emphasis on their ability to enhance personal skills of children at these ages and stages of development. The principles of planning, implementing, and evaluating a developmentally appropriate curricula are studied. Topics covered include schedules, projects, and theme developments, integrating activities across the curriculum, setting up learning centers, activity development in curricular areas of language arts, art, science, motor, math, music, and dramatic play.

**Child Development III (elective)**

- **F33R0F - semester 1**
  - Grades: 12
  - Prerequisite: F32R0F
  - Credit: 1.0
  - This course involves an examination of current early childhood administrative practices and procedures. The principles of planning, implementing, and evaluating a developmentally appropriate curricula are studied. Students examine the management process of planning, staffing, record keeping, budgeting, and purchasing and monitoring for quality. Formation of policy statements, philosophy, programming, planning, evaluation and working with parents is included. Students become familiar with state licensing standards, accreditation, community resources and professional organizations.

**Culinary Arts I (elective)**

- **F20R0F - semester 1**
  - Grades: 9-12
  - Prerequisite: None
  - Credit: 1.0
  - This course provides terminology, culinary math, and practical experiences needed for the development of culinary competencies and workplace skills. Safety and sanitation instruction and classroom application will prepare students for an industry recognized sanitation exam. Classroom experiences will develop skills to work in the front of the house, back of the house, and work stations. Additional content may include: event planning, customer service and relations, food service styles, baking and pastry arts, hors d’oeuveres, and breakfast cookery. Students will be provided opportunity training experiences on commercial equipment.

**Culinary Arts II (elective)**

- **F21R0F - semester 1**
  - Grades: 10-12
  - Prerequisite: F20R0F
  - Credit: 1.0
  - The course teaches high school students the management and culinary skills needed for a career in the restaurant and foodservice industry. ProStart Program curriculum is taught to unite the classroom and industry together to develop talent for the future’s restaurant and foodservice industry. Students demonstrate cooking techniques through cooking labs.
CULINARY ARTS III (ELECTIVE)

F22R0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: F21R0F/F21R0S
CREDIT: 1.0

This is the third yearlong sequence course for Culinary Arts of the ProStart Program. Students gain a deeper knowledge of culinary skills needed for a successful career in the restaurant and foodservice industry. Students demonstrate cooking techniques through cooking labs. From culinary techniques to management skills, ProStart’s industry-driven curriculum provides real-life experience opportunities and builds practical skills and a foundation that will last a lifetime.

CULINARY ARTS IV (ELECTIVE)

F23R0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: F22R0F/F22R0S
CREDIT: 1.0

This third year course is intended for students pursuing hospitality related careers and applying for Culinary classes at the college level. In this yearlong class students rotate through the various functions needed to operate the student restaurant, including menu planning and costing. Students will be responsible for quantity food preparation for a variety of public and private events. They will apply culinary knowledge such as knife skills, cooking methods, and baking and pastry skills as they cook, plate and serve gourmet meals in this fast paced, real world work environment. Students apply National Restaurant Association (ServSafe) sanitation practices as they learn to use commercial restaurant equipment. Students will also have the opportunity to plan for and manage one or more events in the restaurant. Students also have the opportunity to work towards the ProStart National Certificate of Achievement through the National Restaurant Association. From culinary techniques to management skills, ProStart’s industry-driven curriculum provides real-life experience opportunities and builds practical skills and a foundation that will last a lifetime. Multiple scholarships are offered through the NRAEF and ProStart competitions.

PARENTING (ELECTIVE)

F15R0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: NONE
CREDIT: 0.5

Parenting introduces students to the impact of parenthood by studying the roles and responsibilities involved. Emphasis is placed on learning experiences which provide knowledge and understanding of the principles of human growth and development and preparation for parenthood. Special attention is directed to parenting skills needed to guide and encourage a child’s development. Current issues of concern to parents are studied. This course is designed to help students think through the relationships, satisfaction and stress (or crisis) of parenthood.

Welding Technology Pathway

- STUDENTS WHO EARN A C OR BETTER IN BEGINNING WELDING ARE ELIGIBLE FOR MORTON COLLEGE CREDIT IN WEL 101.
- STUDENTS MUST TAKE INTRODUCTION TO ENGINEERING DESIGN OR AUTOMOTIVE I AS A PRE-REQUISITE PRIOR TO BEGINNING WELDING.
INDUSTRIAL TECHNOLOGY

Technology and Engineering Education is the study of human innovation, which provides an opportunity for students to apply and manage knowledge and resources related to the human-made world. It incorporates collaborative, application-oriented, activity-based strategies used to develop creative thinking skills while solving real-world problems. The study of technology and Engineering Education prepares students to become lifelong contributing members of our technological society who comprehend the impact of technology and use it to improve the quality of life for all people.

### AUTO MECHANICS I (ELECTIVE)

<table>
<thead>
<tr>

This course presents an overall understanding of the construction industry and the job opportunities available. Students will learn the proper and safe use for hand and power tools essential to the trade. Students will be introduced to basic construction techniques and use of hand, power, measurement, and layout tools. Skills will then be used in the construction of projects. Basic math skills will also be stressed. The following skills will be addressed:

- Hand and power tool safety
- Layout
- Metal Framing
- Drywall
- Foundation Systems

Students must take either the PLTW IED course or Auto Mechanics I prior to Beginning Welding.

Beginning Welding course enables students to gain knowledge of the properties, uses, and applications of various metals, skills in various processes used to join and cut metals (such as oxyacetylene, shielded metal, metal inert gas, and tungsten arc processes), and experience in identifying, selecting, and rating appropriate techniques. Welding courses often include instruction in interpreting blueprints or other types of specifications.

INTRODUCTION TO ENGINEERING DESIGN (ELECTIVE - HONORS)

I65H0F - SEMESTER 1
GRADES 9-11
PREREQUISITE: NONE
CREDIT: 1.0

I65H0S - SEMESTER 2
COREQUISITE: I65H0S/I65H0F
ONE YEAR

Learn how to be a designer, architect, and engineer. Introduction to Engineering Design (IED) exposes students to design, digital communication, invention process, and technical documentation. This project based course gives students the opportunity to develop skills in research and analysis, teamwork, technical writing, engineering graphics, and problem solving, while engaging in developing their own design concepts to solve real-world problems. Students use 3D solid modeling design software to help them design solutions to solve proposed problems and learn how to document their work and communicate solutions to peers and members of the professional community.

PRINCIPLES OF ENGINEERING (ELECTIVE - HONORS)

I66H0F - SEMESTER 1
GRADES 10-11
PREREQUISITE: I65H0S/I65H0F
CREDIT: 1.0

I66H0S - SEMESTER 2
COREQUISITE: I66H0F/I66H0S
ONE YEAR

Principles of Engineering is a continued exploration of the engineering career pathway. Students are exposed to experimentation involving mechanisms, energy, statics, materials, and kinematics. Students will develop problem-solving skills and apply their knowledge of research and design to create solutions to various challenges. Students will document and communicate their solutions to a variety of audiences.

COMPUTER INTEGRATED MANUFACTURING  MORTON WEST ONLY (ELECTIVE - HONORS)

I68H0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: I66H0F/I66H0S
CREDIT: 1.0

I68H0S - SEMESTER 2
COREQUISITE: I68H0F/I68H0S
ONE YEAR

Computer Integrated Manufacturing 1 students manufacture items that are part of everyday life, yet most students have not been introduced to the high-tech, innovative nature of modern manufacturing. This course (CIM) illuminates the career opportunities related to understanding manufacturing. At the same time, it teaches students about manufacturing processes, product design, robotics, and automation.

ENGINEERING DESIGN AND DEVELOPMENT  MORTON EAST ONLY (ELECTIVE - HONORS)

I67H0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: I66H0F/I66H0S
CREDIT: 1.0

I67H0S - SEMESTER 2
COREQUISITE: I67H0F/I67H0S
ONE YEAR

Engineering Design and Development 1 students use the knowledge and skills acquire throughout PLTW Engineering come together in this class (EDD) as they identify an issue and then research, design, and test a solution, ultimately presenting their solution to a panel of practicing engineers. Students apply the professional skills they have developed to document a design process, and they complete the class (EDD), ready to take on any post-secondary program or career.

ENGINEERING INDEPENDENT STUDY (ELECTIVE - HONORS)

Z1168F - SEMESTER 1
GRADE 12
PREREQUISITE: I66ROF/F_167ROF/S
CREDIT: 1.0

Z1168S - SEMESTER 2
COREQUISITE: Z1168F/S
ONE YEAR

ENGINEERING INDEPENDENT STUDY
The Mission of the Fine Arts Department is to foster creativity in students by providing challenging and engaging experiences that develop and refine student skills, confidence, appreciation and ability to create and perform. The Fine Arts Department empowers students to express who they are through the creation of works or performances that demonstrate how they have become confident, collaborative, and innovative thinkers and problem solvers who live creative lives.

Fine Arts Courses Required for Graduation (1.0 required credit plus additional 3.5 credits):

- One Year (1 credit) year chosen from any of the following: Art; Music, Theater, Photography or Video Tech.
- Additional 3.5 credits can be taken in combination of any available Elective Course listed.

Beginning Instruments is for students for student with no previous experience. The fundamentals of playing a musical instrument and accurate music reading are stressed. Individual attention is given to each student. This class includes different brass, percussion, woodwind and string instruments. Required activities which take places outside of regular school hours may include attendance at all concerts. Some instruments will be available for rental; however, students will need to check with the instructor to reserve the rental instrument. If instruments are not available for rental, students will need to supply their own. Students enrolled in this course will perform in district concerts.

Concert Band is open to all students who have successfully completed beginning band or have gained experience form other school bands. Concert band is an introduction to the high school band program. Students in the ensemble will begin to develop the skills needed to participate in other ensembles. Students improve their techniques and musicianship while performing a variety of musical styles. Areas of development will take place in tone production, intonation, rhythmic, proficiency, balance, breathing, sight reading, an music theory. All students will participate in Marching Band, Pep Band, concerts and festivals, as well as audition for the IMEA District Band, state solo and ensemble contest, state organization contest, assemblies, early morning or after school rehearsals and formal concerts. Private lessons are recommended but not required--and may audition for Jazz Ensemble, Pit Orchestra, and Percussion Ensemble. Attendance at all performances and rehearsals is expected.

**This course may be repeated for credit**

This course is for the beginning student who has no prior musical experience. Students will learn the fundamentals of guitar. Students will be given specific instruction to tune a guitar, read music, play melody lines, play chords with various strums, and set cords to music. A variety of music will be explored, including folk, classical, rock, and Latin.

This course may be repeated for credit

Guitar ensemble is a semester-long, repeatable course designed for the intermediate and advanced guitarist. Repertoire spans a variety of musical styles and cultures. Students are required to perform in scheduled concerts or other activities for the class. While guitars are provided for this course, personal guitars are recommended for at home practice.

This course may be repeated for credit

Students will develop the skills and attributes necessary for a successful career in mariachi music. Educational opportunities as related to mariachi music will be explored. Students will be able relate aspects of the study of mariachi music to other fields and endeavors. As part of this course, students will learn to perform mariachi songs from various genres including: son jalisciense, corrido, canción, ranchera, bolera, polka, vals, while refining the skills necessary to perform mariachi music with technical accuracy and stylistic correctness.

This course may be repeated for credit

In the Morton High School Orchestra course, students will focus on developing technical skills in bowing and left hand facility, as well as in music literacy and sight-reading. Emphasis is placed on the development of musicianship through progressive technical studies and advanced modern and classical orchestra literature. Musical skills as well as aesthetic critique are assessed each quarter. In orchestra, students will grow in their performance abilities on their individual instruments symphonic string instruments as well as improve their aural skills, musical terminology, and music symbol identification.

This course is for the beginning pianist who has no prior musical experience. Basic note reading, fingering, music theory and piano literature will be taught. This course is taught on an electronic keyboard. Students will learn through group lessons and supervised practice. Students do not need to own a piano since all practice is done in class.

This course is offered to students with previous string experience. Its purpose is to study and perform standard string and limited full orchestra literature of varying styles. An advanced proficiency level is necessary in order to prepare literature. Periodically there are special events, rehearsals, or concerts during non-school hours. Participation in such activities is an essential extension of the course and will be considered in grading process. Selected members of the Wind ensemble will join Symphonic strings to provide students with a full orchestral experience.

This course is open through yearly auditions to advanced performers in wind and percussion instruments. This course is designed for advanced players. Repertoire includes marches, overtures and a variety of classical, semi classical, and popular music. All students will participate in Marching Band, Pep Band, concerts and festivals, as well as audition for the IMEA District Band, state solo and ensemble contest, state organization contest, assemblies, early morning or afterschool rehearsals and formal concerts. Private lessons are recommended but not required. Students may also audition for Jazz Ensemble, Pit Orchestra, Percussion Ensemble and Chamber Winds.

VISUAL ARTS

STUDENTS LEARN TO CREATE USING MULTIPLE MEDIUMS IN ORDER TO DEMONSTRATE THE INTER-CONNECTEDNESS OF THE ARTS. THEY HARNESS TECHNOLOGY AS AN ENGINE OF THE CREATIVE PROCESS.

**DRAWING/PRINTMAKING II (ELECTIVE)**

V13R0F - SEMESTER 1  
V13R0S - SEMESTER 2  
GRADES 9-12  
PREREQUISITE: V12R0F/V12R0S  
CREDIT: 0.5

Students will be encouraged to develop drawing style using large formats, sophisticated imagery, and expression in their work. Use of drawing materials and techniques are strengthened and refined. Serious students will develop a portfolio for employment, college entrance or AP credit. A sketch book is required. Students are responsible for obtaining necessary supplies.

**PAINTING I (ELECTIVE)**

V21R0F - SEMESTER 1  
V21R0S - SEMESTER 2  
GRADES 9-12  
PREREQUISITE: NONE  
CREDIT: 0.5

Using a variety of media and techniques (water color, acrylic, etc.), students will study many past and present styles of painting. Basic drawing, painting and compositional techniques will be emphasized to help students find their individual styles. Students are responsible for obtaining necessary supplies.

**PAINTING II (ELECTIVE)**

V23R0F - SEMESTER 1  
V23R0S - SEMESTER 2  
GRADE 11  
PREREQUISITE: V21R0F/V21R0S  
CREDIT: 0.5

Using a variety of media and techniques (water color, acrylic, etc.), students will study many past and present styles of painting. Basic drawing, painting and compositional techniques will be emphasized to help students find their individual styles. Students are responsible for obtaining necessary supplies.

**SCULPTURE I (ELECTIVE)**

V24R0F - SEMESTER 1  
V24R0S - SEMESTER 2  
GRADES 9-12  
PREREQUISITE: NONE  
CREDIT: 0.5

This course will provide a hands-on approach to the exploration of three-dimensional form in traditional and nontraditional materials such as clay, paper, plaster, cardboard, wire, and found objects. Students will be introduced to the basic concepts of sculpture, including the visual vocabulary used in creating and critiquing artwork. Students will study form, volume, and space relationships through the exploration of decorative, utilitarian, and conceptual approaches to sculpture. This class uses both historical and contemporary models as a catalyst for projects and discussions. Assignment focus on creativity, expression of ideas, comprehension of tools and techniques.

**DRAWING/PRINTMAKING I (ELECTIVE)**

V12R0F - SEMESTER 1  
V12R0S - SEMESTER 2  
GRADES 9-12  
PREREQUISITE: NONE  
CREDIT: 0.5

Introductory course where students will be introduced to drawing and art basics such as the elements of art and principles of design. The semester will focus on four major themes as overarching concepts while working on basics skills such as line, shading, creating 3D forms and portraiture. Development of vocabulary and basic skills are refined to set up for the level two class. A sketchbook is required. Students are responsible for obtaining any necessary supplies that are not provided in class.

**DIGITAL PHOTOGRAPHY (ELECTIVE)**

I71R0F - SEMESTER 1  
I71R0S - SEMESTER 2  
GRADES 10-12  
PREREQUISITE: NONE  
CREDIT: 1.0

This course provides students with experiences related to the photography field. Planned experiences give students a clear and concise introduction to the following: safety and housekeeping of a photo studio, photography as a visual and communicative discipline, and an introduction to the photo industry. Students will explore the basic concepts of photography from early pinhole cameras to today's all digital systems. Emphasis will be on the production of images using digital cameras, Adobe Photoshop will be used to students the process of creating a completed photographic image. Elements of art, principles of design, and creative approaches to picture-taking will be stressed in order to prepare students for the demands of the photographic industry. Students will conduct shop operation, camera work, digitally processing pictures, printing photographic images as well as learning about the use and selection of cameras, film, lenses, filters and other accessories. Students must have their own point and shoot digital camera. Various commercial cameras and accessories will be available for students to use. Students are responsible for obtaining necessary supplies.

**DESIGN (ELECTIVE)**

V20R0F - SEMESTER 1  
V20R0S - SEMESTER 2  
GRADES 9-12  
PREREQUISITE: NONE  
CREDIT: 0.5

This course may be repeated for credit

Design students will use a variety of media and materials to explore color, positive-negative reversals, symmetry and other elements of design. Both 2D and 3D experiences will be provided. This course is designed for students who are considering careers in commercial art, advertising, interior design, product design, architecture, etc. Students are responsible for obtaining necessary supplies.
**SCULPTURE II (ELECTIVE)**

This course will provide students with the opportunity to further explore the concepts of three-dimensional art as well as build on the foundation they have already established. They will develop a deeper understanding of the elements and principles of art through research and examination of new and interesting ways to create 3-D art. Students will continue to create sculptures using various material and methods. Creative play, material experimentation and contemporary practices are encouraged. Students will evaluate and critique their own, as well as other artist’s work.

This is an Honors Point Course. This course is for students who have a strong interest in art. Students will complete a portfolio that meets prescribed requirements of the Advanced Placement Program of the College Board. The portfolio consists of three sections that demonstrate Quality or Work, Breadth of Work and a Concentration that investigates a visual interest that is unique to each student. Photo Studio emphasizes the use of Adobe Creative Suite Four and Digital photography to explore the emerging field of digital art. Students will push the limits of their creativity as they explore the full potential of CS4 to develop digital art. Photo Studio is a project-based curriculum that develops career and communication skills in digital photography, print production and graphic design. Students will use Adobe tools and technical skills as well as different format cameras, studio lighting situations, and in-depth studies design. Students will continue to develop their own style and prepare a portfolio which will be submitted for AP Studio Art 2D Design credit and can be used for college applications. A digital SLR 35mm camera with a light meter is required. Students are responsible for obtaining necessary supplies.

THEATRE ARTS

STUDENTS CREATE AND PERFORM CULTURALLY RELEVANT WORKS THAT ARE RELEVANT TO THE LARGER COMMUNITY. THROUGH MODELING AND PERFORMING, FINE ARTS TEACHERS DEMONSTRATE THE RICHNESS THAT IS A CREATIVE LIFE.

INTRODUCTION TO THEATRE (ELECTIVE)

T10R0F - SEMESTER 1  T10R0S - SEMESTER 2
GRADES 9-12  COREQUISTE: T10R0F/T10R0S
PREREQUISITE: NONE  CREDIT: 1.0

Theatre Arts Performance is an introductory course and may be selected by any student. Students explore elements of drama, through improvisation, theatre games, and scenes from contemporary plays as well as learning how to create the “magic of theatre” from behind the scenes. As part of the course, students examine scripts, explore acting techniques, develop character, and experience the dynamics of rehearsal discipline as used in the live and electronic theatre arts. Additionally, students will explore principles of theatrical design and the jobs that are required to produce successful production in all media. Theatre Arts is a “hands on minds on” course offers students the opportunity to act, design, and produce a production from the ground up. There is also opportunity for motivated students to work for outside performing organizations who rent the Morton theatre spaces. Students who take this class will understand the full process of creating theatre.

THEATRE ARTS INTERMEDIATE (ELECTIVE)

T20R0F - SEMESTER 1  T20R0S - SEMESTER 2
GRADES 10-12  COREQUISTE: T20R0F/T20R0S
PREREQUISITE: T10R0F/T10R0S  CREDIT: 1.0

This is an advanced and in-depth, multi leveled study of skills and techniques introduced in previous classes. Students will concentrate on performance acting in relationship to character development, monologues and advanced dramatic presentations. Other activities include group and individual oral interpretations of literature, mime and storytelling in non-traditional forms. Less emphasis on technical production will occur to afford the serious theatre student the opportunity to develop performance skills.

THEATRE ARTS STUDIO (ELECTIVE)

T21R0F - SEMESTER 1  T21R0S - SEMESTER 2
GRADES 11-12  COREQUISTE: T21R0F/T21R0S
PREREQUISITE: T20R0F/T20R0S  CREDIT: 1.0

This course may be repeated for credit

Theatre Arts Studio is production oriented. In this course are engaged in the production process of a full length play. Students practice those skills necessary for creating and producing a large scale production. As directors, designers, business managers, dramaturges, stage managers, and technician, the students will cover all aspects of production for live and electronic media. As they gain the practical experience of scheduling and coordinating the efforts of the group, these students experience what it is like to turn a concept into reality performance.

THEATER ARTS STAGECRAFT (ELECTIVE)

T11R0F - SEMESTER 1  T11R0S - SEMESTER 2
GRADES 10-12  COREQUISTE: T11R0F/T11R0S
PREREQUISITE: NONE  CREDIT: 1.0

This course may be repeated for credit

Students are involved in creating the “magic of theatre” from behind the scenes; this course should be taken after the students have already participated in Theatre Arts. Students explore principles of theatrical design, as well as the jobs required to produce successful productions in all media. This “hands on minds on” course offers students the opportunity to design and construct scenery, engage in make-up, lighting, sound, costuming, and stage management. There is also opportunity for Stagecraft students to work for outside performing organizations who rent the Morton theatre spaces.
INSTRUCTIONAL TECHNOLOGY
SAMANTHA SKUBAL, DIRECTOR | SSKUBAL@JSMORTON.ORG | 708.780.2800 EXT. 5032

TSI (Tech Service Internship)

Morton District 201 Instructional and Informational Technology Department consists of 2 Senior Network Analyst’s, 4 building technicians, 3 TSI Technicians and 1 Help Desk specialist. Additionally, the Technology Support Internship (TSI) programs are an invaluable asset to the district as students are working to gain life changing certifications as well as providing first level tech support to fellow students and staff. These certifications also serve to make the students career ready as they strive to earn the certifications used in the technology field.

For those interested in the nuts and bolts stuff, below are some of the current technologies used at Morton 201:

- 2Gbps fiber optic connections between all buildings to provide for district wide private WAN services and high speed Internet
- 2Gbps Internet speeds
- 10Gbps fiber optic LAN backbone with up to 1Gbps connections to end user devices
- Wireless AC networking throughout the district with a single unified administrative interface using HP / Aruba wireless
- Over 10,000 end user devices to include PC laptops and desktops, tablets, iPads, and Mac OS
- Over 70+ virtualized servers with multiple VMWare high availability hosts and network RAID 10 iSCSI SAN
- Interactive white boards and projectors in every classroom
- Office 365 accounts for all students and staff
Computer Installation and Repair
Technology/Technician Pathway

B41HOF/B41HOS

• STUDENTS WHO EARN A C OR BETTER IN TSI II, III AND IIII ARE ELIGIBLE FOR UP TO SIX HOURS OF MORTON COLLEGE CREDIT.
• STUDENTS ARE ELIGIBLE TO TAKE TSI FOR UP TO FOUR YEARS

TECH SERVICE INTERNSHIP (ELECTIVE)

B41HOF - SEMESTER 1
GRADES 9-12
PREREQUISITE: NONE
CREDIT: 1.0

B41HOS - SEMESTER 2
COREQUISITE: NONE
ONE YEAR (AVAILABLE TO BE TAKEN ALL 4 YEARS)

The Tech Service Internship (TSI) class directly supports students, teachers and administrators through the 1:1 program in the district. Students in TSI get experience working in a real life, tech support environment, rotating through stations, each station providing students the ability to develop and maintain necessary 21st Century workplace skills. Students also work to earn certifications in a variety of programs, including Microsoft and A+, ensuring that students will better their future, regardless if they pursue a career in technology or not. In this class, students will not only learn how to troubleshoot and fix technological devices, but they will learn how to be competitive professionals in a demanding and ever-changing workforce. It is preferred that students enrolled in this course take the summer boot camp.

### ENGLISH I (CORE)

**E1IC_F - SEMESTER 1**  
GRADE 9  
PREREQUISITE: NONE  
CREDIT: 1.0  

**E1IC_S - SEMESTER 2**  
COREQUISITE: E1ICCF/E1ICCS  
ONE YEAR  

This class is an introduction to reading, writing, literature and speaking at the high school level. A variety of reading strategies are used to improve comprehension and examine elements of literature in fiction, non-fiction, poetry and drama. The writing process will be reviewed and reinforced. Students will learn fundamental skills such as listening and research. Special emphasis is placed on test preparation and Morton Literacy and Information Literacy Standards.

### ENGLISH II (CORE)

**E2IC_F - SEMESTER 1**  
GRADE 10  
PREREQUISITE: E1ICCF/E1ICCS  
CREDIT: 1.0  

**E2IC_S - SEMESTER 2**  
COREQUISITE: E2IC0F/E2IC0S  
ONE YEAR  

Students continue to develop reading and writing skills. They will examine how the development of the theme, character, plot, and setting contribute to the overall impact of literature. Special attention is paid to the English Language Arts Common Core State Standards. There will be a focus on general literature, reading, writing, critical thinking, public speaking, grammar, vocabulary development, test prep strategies and research.

### ENGLISH III (CORE)

**E3IC0F - SEMESTER 1**  
GRADE II  
PREREQUISITE: B30R0F/B30R0S  
CREDIT: 1.0  

**E3IC0S - SEMESTER 2**  
COREQUISITE: E3IC0F/E3IC0S  
ONE YEAR  

The focus of this course is the exploration of multiple themes and perspectives through close reading of seminal works of American literature, informational texts and current events, and culturally relevant literature from contemporary authors. Students will continue to develop their reading and writing skills as they analyze and evaluate novels, short stories, poetry, and shorter contemporary non-fiction works. Through this study, students will discover ideas to apply in meaningful ways to their own lives and be able to articulate them through written and verbal expression. A special focus is on rhetorical analysis and synthesis of research. In addition, students will prepare for the SAT which is administered this year.
ENGLISH HONORS

ENGLISH I (HONORS)

E11H0F - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0

This class is an introduction to reading, writing, listening, and speaking at the high school level. Students work in an accelerated and in-depth structure to study literature as presented through the novel, short story, drama, poetry and non-fiction. A variety of reading strategies are used to improve comprehension and examine elements of literature. The writing process will be reviewed and reinforced. Students will learn fundamental skills such as listening and research strategies. Special emphasis is placed on test preparation as well as Morton Literacy and Information Literacy Standards. Emphasis is on higher level writing and reading skills including analysis and evaluation.

ENGLISH II (HONORS)

E21H0F - SEMESTER 1
GRADE 10
PREREQUISITE: E11H0F/E11H0S
CREDIT: 1.0

Students work in an accelerated and in-depth structure to study literature presented through the novel, short story, drama, poetry, and non-fiction. They will examine how the development of theme, character, plot and setting contribute to the overall impact of literature. Special attention is paid to the English Language Arts Common Core State Standards. Students will examine general literature, focus on reading, writing, critical thinking, public speaking, grammar, vocabulary development and research. The emphasis of this course is on higher level writing and reading skills, including analysis and evaluation. Continued emphasis will be on the development of critical thinking skills and Test prep strategies.

AP ENGLISH LANGUAGE AND COMPOSITION (HONORS)

E31H0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: E21C_F/E21C_S AND E21H_F/E21H_S
CREDIT: 1.0

The focus of this course is the exploration of multiple themes and perspectives through close reading of seminal works of American literature, informational texts and current events, and culturally relevant literature from contemporary authors. Students will continue to develop their reading and writing skills as they analyze and evaluate novels, short stories, poetry, and shorter contemporary non-fiction works with an emphasis on author's purpose, the rhetorical situation, argument, and synthesis. Through this study, students will discover ideas to apply in meaningful ways to their own lives and be able to articulate them through written and verbal expression. In addition, students will prepare for the SAT, which is administered this year. The course culminates with the College Board's Advanced Placement Exam in English Language and Composition.

AP ENGLISH LITERATURE AND COMPOSITION (HONORS)

E41H0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: E31C_F/E31C_S AND E31H_F/E31H_S
CREDIT: 1.0

This course continues the work begun in AP English Language and Composition on critical reading of world literature and analytical writing. This course includes another major research paper. At the conclusion of the year, students are required to take the College Board’s Advanced Placement Exam in English Literature and Composition. A summer assignment is required. Students should check with the appropriate instructor before the end of the school year.
ENGLISH COURSE ELECTIVES

THE ENGLISH DEPARTMENT OF J. STERLING MORTON HIGH SCHOOL DISTRICT 201 DEVELOPS CRITICAL THINKERS, LIFE-LONG LEARNERS, AND RESPONSIBLE CITIZENS WHO CAN ACCESS, READ, ANALYZE, AND COMMUNICATE INFORMATION EFFECTIVELY IN AN EVER-EVOLVING GLOBAL SOCIETY.

GRADUATES OF J. STERLING MORTON HIGH SCHOOL DISTRICT 201 WILL BE ABLE TO READ, WRITE, AND COMMUNICATE EFFECTIVELY AS ENGAGED CITIZENS IN A GLOBAL SOCIETY. AS LIFE-LONG LEARNERS, THEY WILL BE EMPOWERED TO THINK CRITICALLY AND CREATIVELY TO NAVIGATE A COMPLEX WORLD.

COLLEGE PREPARATORY ENGLISH (ELECTIVE)

E51R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 1.0

In this course, students examine all areas of language arts: reading, writing, speaking, listening, technology, and research. Heavy emphasis is placed on vocabulary development, critical reading, and comprehension strategies, reading rate flexibility, study skills, preparation for college classes, and college writing.

CONTEMPORARY LITERATURE (ELECTIVE)

E44R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 0.5

In this course, students will be exposed to a wide variety of contemporary works with an overarching goal of enhancing reading for enjoyment. By discussing and analyzing theme-based units, these reading intensive courses aim to promote literacy while aligning evaluative techniques. Through written and oral reflection, students will extrapolate relevant parallels between their roles as American teenagers and those of society at large.

CREATIVE WRITING (ELECTIVE)

E46R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 0.5

In this course, students write poetry, autobiographical pieces, and short stories after reading examples from each genre and being instructed in various creative-writing techniques. Creative Writing is designed to be an outlet of self-expression for students as they explore how they think and feel about a variety of topics and issues. Students are expected to submit at least one piece of work for publication or competition.

HUMANITIES (ELECTIVE)

E48R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 0.5

In this course, students read and write about significant works of world literature. Special emphasis is placed on examining how these works fit into various cultural, historical, and artistic contexts. Students are challenged to make connections between what they read and various works of artistic merit in the fields of music and visual arts. Students end the semester with a research project that incorporates their understanding of the course's themes and its connection to a significant work of literature.

JOURNALISM (ELECTIVE)

E53R0F - SEMESTER 1
GRDES 10-12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 1.0

For: 12 (10 & 11 as a general elective only) NOTE: Sophomores may take this course as an elective in addition to the English II class: instructor approval is required. Juniors may take this course as an elective in addition to the English III or AP English Language class: instructor approval is required.

Journalism is a senior English class designed to teach students elements of journalistic writing. A major objective of this course is to contribute to publications such as the school newspaper and yearbook. The class is writing intensive, and the main goal is to teach students how to write for different media. Students will also spend time discussing and evaluating the importance of ethical journalistic behavior. Students will also study libel and press laws, photo caption and headline writing, and mechanical production. Additional hours before and after school will be required to meet deadlines for finishing the literary publications.

MULTICULTURAL THEMES (ELECTIVE)

E49R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 0.5

In this course, students will focus on examining texts by writers of Latin-American ancestry. Students will read and analyze various works of artistic merit in the fields of music and visual arts. Students end the semester with a research project that incorporates their understanding of the course's themes and its connection to a significant work of literature.

LATIN AMERICAN LITERATURE (ELECTIVE)

E45R0F - SEMESTER 1
GRADE 12
PREREQUISITE: E31H0F/E31C0F
AND E31H0S/E31C0S
CREDIT: 0.5

In this course, students will focus on examining texts by writers of Latin-American ancestry. Students will read and analyze various genres such as fiction, non-fiction, drama, and poetry. The course will develop each student's ability to analyze literature and communicate through both written and oral expression as they develop their own understanding of Latinx perspectives. Special attention will be paid to social justice movements, art and culture, and various forms of expression unique to Latinx communities in the United States and beyond.

The Morton High School Math Department is committed to engaging and preparing our students to be critical and independent thinkers who can persevere in problem-solving in a post-secondary and real-world setting.

The Morton Mathematics Department will provide the tools necessary for all students to become problem-solvers, effective citizens, and productive members of our society. The tools are academic persistence, enjoy learning about mathematics and connecting mathematics to life outside of the classroom.

Mathematics Courses Required for Graduation (3.0 credits):

- Students must complete a total of 3 years or 6 semester credits of Mathematics Coursework.

This is a dual credit course.

This course will focus on attaining competency in the analysis, quantitative literacy and problem solving. This course is intended for students whose career occupations are not STEM focused and where they will be able to be placed in a non-calculus based mathematics course sequence. Topics focused will be numeracy, algebra, functions and modeling. Students earning a C or better in this course will be able to enroll in a credit bearing course as a college freshman without taking a placement test. This course meets the requirements of the PWR law.

This summer course is intended for students who want to progress from Core to Honors Math between their Freshman and Sophomore year. Course is 0.5 Elective Credit.
Mathematics Honors Pathway
A student who wants to move from the CORE to HONORS pathway would need to complete and pass a Summer Seminar. The Summer Seminar would earn the student a 0.5 elective credit.

1. STUDENTS WHO ACHIEVE A SCORE OF 3 OR BETTER ON AN AP EXAM IN MAY CAN RECEIVE COLLEGE CREDIT AT ANY PUBLIC UNIVERSITY OR COLLEGE IN ILLINOIS.

2. STUDENTS WHO EARN A C OR BETTER EARN CREDIT FOR COURSE AT MORTON COLLEGE BASED ON SEMESTER OUTCOMES.
INTEGRATED MATHEMATICS HONORS

INTEGRATED MATHEMATICS 1 (HONORS)

M14HFF - SEMESTER 1  M14HFS - SEMESTER 2
GRADE 9  COREQUISITE: M14HFF/M14HFS
PREREQUISITE: NONE  CREDIT: 1.0

Students in this course study; expressions, introduction to functions and interpreting functions, linear relationships and modeling linear functions, congruence of geometry, systems of equations, inferential statistics, exponential functions, and comparing exponential functions and linear functions by modeling, extending the number systems, representing quadratic functions, and working with and modeling quadratic functions. Students in this course will study the same materials as in Integrated Mathematics 1 CORE and 1st semester of Integrated Mathematics 2 CORE, but at a faster pace. Acceleration and depth-of-study are characteristics of this program.

INTEGRATED MATHEMATICS 2 (HONORS)

M20CHF - SEMESTER 1  M20CHS - SEMESTER 2
GRADE 10  COREQUISITE: M20H0F/M20H0S
PREREQUISITE: M14CCF/M14CCS  CREDIT: 1.0

Student could enroll in Integrated II HONORS from Integrated 1 CORE by passing Integrated II HONORS Summer Seminar

Students in this course study; geometric similarities, right triangles and trigonometry, probability, and circles Statistics, Geometric Proofs, Geometric Modeling, Polynomial Functions, Rational Functions, Radicals and Rational Exponents, Exponential and Logarithmic Functions, Trigonometric Functions, and Systems and Comparing Functions. Students in this course will study the same materials as in 2nd semester of Integrated 2 CORE, and Integrated 3 at a faster pace. Acceleration and depth-of-study are characteristics of this program. Integrated 2 HONORS is generally required for college admission.

PRE CALCULUS STEM (HONORS)

M33H0F - SEMESTER 1  M33H0S - SEMESTER 2
GRADE 11  COREQUISITE: M33H0F/M33H0S
PREREQUISITE: M40C0F/M40C0S  CREDIT: 1.0

Student could enroll in Pre-Calculus from Integrated II CORE by passing Summer Seminar Pre-Calculus HONORS

Students are introduced to selected topics to include polynomial, rational, radical, exponential, logarithmic and trigonometric functions, rectangular, polar and complex numbers; matrices, limits, vectors, probability and statistics. This course will prepare students for Calculus in high school or college. A graphing calculator is integral to success in this course.

AP STATISTICS (HONORS)

M36H0F - SEMESTER 1  M36H0S - SEMESTER 2
GRADE 12  COREQUISITE: M36H0F/M36H0S
PREREQUISITE: M31C0S/M31C0F  CREDIT: 1.0

This is a dual credit course.

This course introduces students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. Students are required to take the AP Exam. Students are exposed to four broad conceptual themes: 1. Exploring Data: Describing patterns and departures from patterns 2. Sampling and Experimentation: Planning and conducting a study 3. Anticipating Patterns: Exploring random phenomena using probability and simulation 4. Statistical Inference: Estimating population parameters and testing hypotheses. 3 semester hours of credit in MAT 141 from Morton College will be earned if student earns a C or better in the course.

AP CALCULUS AB (HONORS)

M42H0F - SEMESTER 1  M42H0S - SEMESTER 2
GRADE 12  COREQUISITE: M44C0F/M44C0S
PREREQUISITE: M33H0F/M33H0S  CREDIT: 1.0

Student must take Summer Boot Camp

The Honors section carries an Honor Point In this course, students will prepare for college mathematics and for the Advanced Placement AB exam. The content includes differentiation and integration of polynomial functions, circular functions, logarithmic functions and exponential functions. A graphing calculator is highly recommended; the type of graphing calculator is to be determined by the teacher. Students are required to take the AP exam in May. The test will require an additional fee. It is preferred that students enrolling in AP Calculus AB take a 4 (four) day Summer Boot Camp.

AP CALCULUS BC (HONORS)

M43H0F - SEMESTER 1  M43H0S - SEMESTER 2
GRADE 12  COREQUISITE: M43H0S/M43H0F
PREREQUISITE: M33H0F/M33H0S  CREDIT: 1.0

Student must take Summer Boot Camp

This course deals with the BC content of the Advanced Placement Curriculum beyond that of the Calculus AB sequence. Additional topics include sequences, infinite series, solutions of differential equations, advanced techniques of integration, as well as parametric and polar equations. Students are required to take the AP exam in May. The test will require an additional fee. It is required that students enrolling in AP Calculus BC take a 5 day Summer Boot Camp.
Mathematics STEM (Science, Technology, Engineering, Mathematics) Honors Pathway

1. Students who achieve a score of 3 or better on an AP exam in May can receive college credit at any public university or college in Illinois.

2. Students need to pass AP Calculus BC exam with a score of 3 or better during May of their junior year in order to enroll in this course. The courses are taught by Morton College faculty at Morton College.
INTEGRATED MATHEMATICS 1 STEM (HONORS)

M11H0F - SEMESTER 1
GRADE 8
PREREQUISITE: NONE
CREDIT: 1.0

M11H0S - SEMESTER 2
COREQUISITE: M11H0F/M11H0S
ONE YEAR

Students need to be recommended into this course by feeder schools based on MAP score
This course is for 8th graders recommended by feeder schools based on MAP scores. Students study introduction to functions, linear relationships, linear modeling, systems of equations and inequalities, extending the number system, representing quadratic functions, working with quadratic functions and modeling of quadratic functions, fundamentals of geometry, geometric modeling and proofs, descriptive statistics, and representation of exponential functions.

INTEGRATED MATHEMATICS 2 STEM (HONORS)

M21H0F - SEMESTER 1
GRADE 9
PREREQUISITE: M11H0F/M11H0S
CREDIT: 0.5

M21H0S - SEMESTER 2
COREQUISITE:M21H0F/M21H0S
SUMMER SEMINAR COURSE

Students in this course study: geometric similarities, right triangles and trigonometry, probability, circles, statistics and geometric proofs, and modeling, probability, inferential statistics, polynomial functions, rational functions, logarithmic and exponential functions, and trigonometric representations. Integrated 2 is generally required for college admission. The Honors section carries an Honor Point.

CALCULUS 3 AND DIFFERENTIAL EQUATIONS (HONORS)

M40C0F - SEMESTER 1
GRADE 10-11
PREREQUISITE: M20H0F/M20H0S
CREDIT: 0.5

M40C0S - SEMESTER 2
COREQUISITE: M40C0S/M40C0F
SUMMER SEMINAR COURSE

Calculus 3 course includes the study of hyperbolic functions, improper integrals, directional directives, and multiple integration and its applications. The student must have scored a 3 or better on the AP Calculus BC exam in May of their junior year to qualify to register for the course. If a student earns a C or better in the course they will earn 4 semester hour of credit from Morton College in MAT 203.
Differential Equations course includes the student of elementary differential equations including first d high order differential equations, partial differential equations, linear equations, systems of linear equations, transformations, series solutions, numerical method, boundary value problems, and existence theorems. If a student earns a C or better in the course they will earn 3 semester hours of credit from Morton College in MAT 215.
MODERN LANGUAGE AND ENGLISH LANGUAGE LEARNERS
MELODY BECKER, DIRECTOR | MBECKER@JSMORTON.ORG | 708.780.2162

Chinese Language
English for English Learners
French Language

School for Biliteracy
Spanish Language
Spanish Language Arts

The mission of the J. Sterling Morton High School District 201 English Learner and Modern Language Department is to utilize students’ target language to develop multilingual, lifetime learners with an understanding and appreciation of diverse cultures, empowered to become productive citizens in all communities. Our vision is to transform learning by enhancing all students’ prior knowledge and existing skills to be successful socially, emotionally, academically and professionally with the target language.

Modern Language Courses Required for Graduation (2.0 credits of same language course):

• Morton identifies Modern Language courses as electives. These courses fulfill the one credit toward graduation.
• Students should take two credits of the same language to meet graduation requirements.
• Some colleges require two years of a foreign language. Be sure to investigate the requirements for your college of choice.

FRENCH LANGUAGE COURSE OFFERINGS
WWW.MORTON201.ORG/MODERNLANGUAGE

FRENCH I (ELECTIVE)

L10R0F - SEMESTER 1
GRADES 9-12
PREREQUISITE: NONE
CREDIT: 1.0

This course is the first course in the series for French. Students begin to speak, read and write in the language as well as study the culture and geography of those who speak it.

FRENCH II (ELECTIVE)

L20R0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: L10R0F/L10R0S
CREDIT: 1.0

This course is the second course in the series for French. Students will continue to develop their understanding of French Language and Culture. Students will develop their reading, writing, listening and speaking skills. Students will also enjoy experiences that help them understand and appreciate customs, food, music, dance, holidays and ceremonies.

FRENCH III (ELECTIVE)

L30R0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: L20R0F/L20R0S
CREDIT: 1.0

This course is the third course in the series for French. Students will continue to develop their understanding of French Language and Culture. Students will develop their reading, writing, listening and speaking skills. Students will also enjoy experiences that help them understand and appreciate customs, food, music, dance, holidays and ceremonies.

AP FRENCH LANGUAGE AND CULTURE (ELECTIVE - HONORS)

L45H0F - SEMESTER 1
GRADES 12
PREREQUISITE: L35R0F/L35R0S
CREDIT: 1.0

Students will continue to read, speak and write in French, continue the study of cultures of French-speaking countries and read a variety of literary works written in French. Students are required to take the AP French Language and Culture exam.

Students will continue to read, speak, listen and write in Spanish. They will continue to study the cultures of Spanish-speaking countries and read a variety of literary works in Spanish. Emphasis is given to preparation for the AP Spanish Literature exam. Students are required to take the AP Spanish Literature and Culture exam.
ENGLISH LANGUAGE LEARNERS

STUDENTS ENROLLED IN THESE COURSES ARE STRONGLY ENCOURAGED TO ENROLL IN SPANISH LANGUAGE ARTS CLASSES.

STUDENTS ENROLLED IN THESE COURSES WILL TAKE THE ACCESS 2.0 EXAM EACH YEAR TO MONITOR ENGLISH LANGUAGE DEVELOPMENT. STUDENTS MUST MEET THE EXIT CRITERIA OF 4.8/6.0 COMPOSITE SCORE.

Prerequisite: Students are placed using the WIDA Screener or ACCESS test scores. Additionally, the student's academic history and teacher recommendation are also considered.

ELL ENGLISH I

E62E0F - SEMESTER 1  E62E0S - SEMESTER 2
GRAD 9-12            PREREQUISITE: E62E0S/E63E0F
CREDIT: 1.0

This course is for students who are new to learning English as a new language. There is an emphasis on listening, speaking, reading and writing.

ELL READING I (ELECTIVE)

E63E0F - SEMESTER 1  E63E0S - SEMESTER 2
GRADE 9-12         PREREQUISITE: E62E0F/E63E0S
CREDIT: 1.0

This course is a compliment to the ELL English I course. It provides students with an intensive study of reading and writing skills. Writing skills advance from the sentence level to paragraph level and eventually to essays and reports. Adapted reading materials are used for identifying main ideas, details as well as literal and inferential information.

ELL ENGLISH II

E64E0F - SEMESTER 1  E64E0S - SEMESTER 2
GRAD 9-12         PREREQUISITE: E64E0S/E65E0F
CREDIT: 1.0

This course is for students who are able to ask questions and respond in English, read and comprehend paragraphs, and write using simple and some complex sentences. Emphasis is on listening, speaking, reading and writing.

ELL READING II (ELECTIVE)

L65E0F - SEMESTER 1  L65E0S - SEMESTER 2
GRAD 9-12       PREREQUISITE: E63E0F/E32E0S
CREDIT: 1.0

This course is for students who are able to ask questions and respond in English, read and comprehend paragraphs and write using simple and some complex sentences. Emphasis is on listening, speaking, reading and writing. Students enrolled in ELL English II and concurrently enrolled in ELL Reading II.

ELL ENGLISH III

L66E0F - SEMESTER 1  L66E0S - SEMESTER 2
GRAD 9-12     PREREQUISITE: L32H0F/L32H0S
CREDIT: 1.0

This course is for students who understand and participate in everyday English conversation. Continued attention to speaking and listening is given. Emphasis is on English language structure. Writing is a primary focus. This course fulfills one unit of English credit.

ELL ENGLISH IV

L68E0F - SEMESTER 1  L68E0S - SEMESTER 2
GRAD 9-12     PREREQUISITE: L32H0F/L32H0S
CREDIT: 1.0

This course is for students who understand and participate in everyday English conversation as well as in academic settings. Students will continue to expand and strengthen their reading, writing, speaking and listening skills. This course fulfills one unit of English credit.
PHYSICAL EDUCATION AND HEALTH

Physical Education Leader
Physical Education I-III

Every student will acquire the skills necessary to become life-long participants in physical activities and pursue and value a healthy lifestyle. J. Sterling Morton High School District 201’s Physical Education Department believes that every student will learn the foundational skills of physical activity and wellness through movement-centered and knowledge-based activities within a safe and supportive learning environment. Physical Education is an integral part of the total education program and provides growth physically, mentally, and socially through movement. Students will be challenged to recognize the diversity of individual ability and participate with respect to those around them.

We Believe:

- Students will develop an effective understanding of basic health promotion and establish a foundation for achieving and maintaining personal health and well-being by making informed wellness decisions.
- Students should learn the positive and negative effects of their decisions in the areas of health and physical education.
- All students should be given the opportunity to become physically fit.
- All students are learners, and we accept responsibility for teaching them through differentiated instruction.

Physical Education Courses Required for Graduation (4.0 credits - 3.5 credits for PE and 0.5 credits for Health):

- Students must be enrolled in PE (0.5 credit) and Health (0.5 credit) their freshmen year.
- Sophomore, junior and senior year students must be enrolled in PE course each semester.

P51R0F - SEMESTER 1     P51R0S - SEMESTER 2
GRADES 9-12            COREQUISTE: NONE
PREREQUISITE: NONE     CREDIT: 0.5
ONE YEAR

Accommodated Physical Education is for students who, for medical reasons, are unable to participate in regular physical education classes for an extended duration. This class is also for students with other disabilities that merit an adapted curriculum. All curriculum will be modified and adapted so that all students can participate and benefit. The nurse and school administrator will approve student registration of this course. Upon clearance from the doctor, a student will be readmitted to their regularly scheduled physical education class if possible.

ATHLETIC PHYSICAL EDUCATION (ELECTIVE)

You will be exposed to extensive wall climbing experience with certified climbing instructor Mr. Gianneschi. Along with wall climbing you will participate in tent building, camping safety, orienteering (working with maps and compasses), while in the pool students will not only swim and become aware of swimming techniques they will also learn to kayak, and some team and individual sports when appropriate. Join this class if you are looking to do something new and different during PE class and still maintain a healthy level of fitness.

Students receive advanced instruction and participate in multiple variations of activities that promote lifetime personal fitness programming. These activities may include Alternative Cardiovascular & Weight Training Programs & Fitness Activities.
Fitness Walking is a sophomore level course and is one of the easiest ways to get the exercise you need to stay healthy. During this walking class, not only will you get a daily workout in, but you will learn some lifelong fitness. If you sign up, you will also learn proper walking technique, walking's benefits and how can it impact your life positively. There will be lessons about nutrition, goal setting, weight management and more. During class, students will use an app called Map My Walk to log in workouts, keep track of mile times and do make up work. Heart rate monitors will also be used periodically during workouts. When the weather is good, we walk outside.

Health Education is a one semester course required for graduation. This class raises each student's health awareness and will help attain individual health goals. Students will enhance their potential for self, family, and community. The course consists of the following health topics as required by the state school code: wellness, growth and development, nutrition, fitness, stress management, non-infectious and infectious disease education (including sexually transmitted diseases and HIV/AIDS prevention), personal hygiene, consumer health, basic first aid/safety, drug use and abuse, mental and emotional health, health related careers, career goal setting, and healthy relationships (including abstinence, dating violence, and child abuse prevention). A variety of class activities, self assessments, videos, and community resources/speakers are strategically woven throughout the semester to enhance the student's learning, their lifestyle choices, and decision making skills.

Leadership and Drivers Education (Elective)

Recommended by Freshman PE and Health teacher. Students learn rules, practice skills and proper officiating techniques in sport and activities offered in the Physical Education Curriculum. The valuable skills learned and practiced will help prepare students for future leadership roles. Successful completion of this course will advance students to the possible role of Physical Education leader. Drivers Education is part of this course and students that successfully complete this portion of the course will earn their drivers permit.

Lifesaving (Elective)

Students will receive extensive training in water safety related to equipment based rescues, spinal injury management, victim recognition and facility surveillance. Upon successful completion of the course, students will be Red Cross certified in Lifesaving, CPR, and First Aid. Students will be assigned as lifeguards for swimming classes in the following semesters pending teacher recommendation. Student may also have the opportunity for off campus life guarding employment.

Lifeguarding (Elective - Honors)

Students will be assigned as a lifeguard for Physical Education classes and may possibly be responsible for helping teachers to instruct swim techniques to beginners. Lifeguards will be expected to apply water safety knowledge and keep CPR certification current. Successful completion and teacher recommendation will secure lifeguarding position in Physical Education for future semesters.

Personal Fitness II (Elective)

This is a sophomore level course in which cardio activities are a major part of the class and will be performed in a variety of spaces throughout the school. Many of the workouts are done independently but some workouts are done with small groups and partners. Set your personal goals and get fit with personal fitness!

Personal Fitness III (Elective)

This is a Junior/Senior level course in which cardio activities are a major part of the class and will be performed in a variety of spaces throughout the school. Many of the workouts are done independently but some workouts are done with small groups and partners. Set your personal goals and get fit with personal fitness!
Students apply leadership skills learned in Sophomore Leadership Training classes in order to better assist Physical Education Instructors and students. Students leadership role includes assistance to other students learn and practice individual sport skills, lead warm-ups, and assist students in technique practice and individual development. Future opportunities in this program are dependent on Physical Education Instructor recommendation.

Physical education is a required 4 year subject and is part of the total education which contributes to the development of the individual through participation in physical activity. Daily practices are provided in a variety of physical activities with emphasis on basic skill development in individual and team activities, concentration on improved physical fitness and awareness for the need of lifetime fitness and sport activity. Freshman physical education activities may include: Swimming, Track & Field, Basketball, Ultimate Frisbee, Volleyball, Soccer, Weight Training, Cardio Training, Wall-Climbing at Morton West, CrossFit at Freshman Center, and Fitness Testing.

Physical education is a required 4 year subject and is part of the total education which contributes to the development of the individual through participation in physical activity. Daily practices are provided in a variety of physical activities with emphasis on individual lifelong sports, team activities and individual fitness, concentration on improved physical fitness and awareness for the need of lifetime fitness and sport activity. Sophomore physical education activities may include: Lifesaving, Badminton, Pickle-Ball, Ultimate Frisbee, Swimming, Basketball, Flickerball, Floor Hockey, Soccer, Softball, Team Handball, Flag Football, Volleyball, Weight Training, Cardio Training, and Fitness Training/Testing. If recommended, sophomore students can also be enrolled in Leadership or Lifesaving for their sophomore PE course.

Students receive advanced instruction and participate in Team and Individual Sport activities which may include but not limited to Badminton, Tennis, Pickle-Ball, and Swimming for the individual sport section. Basketball, Soccer, Softball, Team Handball, Korfball, Football and Volleyball for the team sport section. Students will also have the opportunity to receive advanced instruction and application in lifetime personal fitness programming such as CrossFit, Cross Training, Personal Fitness, Adventure Education, Athletic PE, and Walking for Fitness. Students that also successfully completed sophomore leadership or lifesaving can serve as leaders or lifeguards for PE during their junior and senior year.
PHYSICAL EDUCATION DRESS PROCEDURE

Physical Education in the J. Sterling Morton High School District is regarded as a vital part of general education and an integral part of the schools total educational program. It encompasses certain developmental goals, which include the physical, mental, and emotional aspects of child growth and maturity.

Physical education is a directed, purposeful activity, centering on the development, movement, care, and use of the total body. Physical education stresses the development of physical, social, and mental skills through organized learning experiences based on several principles of child growth and development.

DRESS REQUIREMENTS

1. Uniform
   a. Morton PE uniform can be purchased in the school bookstore.
   b. Student must wear a Morton PE uniform during class.
   c. No street clothes are allowed to be worn under PE clothes during activity.

2. Shoes and Socks
   a. No slippers, flats, just socks, various type of shoe boots, sport sandals, and gym shoes with heels, gym shoes without backs are Unacceptable.
   b. Shoes must have laces.

3. Sweatshirt and Pants
   a. A sweat outfit is recommended for outside activity when it is cold.
   b. Sweats must be solid color of black or gray. Morton sweats are preferred but not mandatory.

4. Jewelry
   a. No metal, hanging or dangling jewelry is to be worn during the PE class. This is for the student’s personal safety.
   b. Cloth, rubber, or plastic adornments must be removed upon the request of the teacher for the safety of the student.

5. Swim participation (East and West campuses only)
   a. 100% participation is expected of students enrolled in an aquatic activity.
   b. Days out of the water must be made up unless the days out are because of a written note from a doctor. Swim make-ups will be done in the pool with the PE teacher on pre-arranged days.
   c. If a student is in swimming class but not swimming, they must have a note from a doctor. If a note exempts the student from swimming, they must come prepared to exercise and run if possible. If the note exempts them from all activity, they must be prepared to do written work for the class period.
   d. Students are responsible for providing their own swimsuits. Students must also provide goggles and swim caps. Towels and all other equipment will be provided by the department. Girls must wear a swimsuit to be allowed to participate. Boys must wear a swim suit with liner. (PE gym clothes will not be allowed in the pool.) Only teacher approved cover-ups may be allowed in the pool.
   e. Daily participation points also apply to swimming.

LOCKER ROOM SECURITY

• Students are required to purchase a lock and lock up all personal items in their PE locker. (All PE lockers must be cleaned out every hour) Locks left on lockers after class will be cut and items will be removed from the locker.
• Students may purchase a carry bag for PE clothing.
• Aerosol cans, glass containers, food, drinks, electrical hair dryers, and curling irons are not allowed in the locker rooms.
• Students should not leave their belongings out in the locker rooms during class. Lock up any personal items every day.
• For security reasons, lockers are not to be shared unless pre-approved by the instructor.

SAFETY/CARE OF FACILITIES

Safety is an essential part of Physical Education. Students’ must use common sense regarding safety issues and also observe all safety rules set forth by their teacher.

1. Per the school rule, cell phones, mp3 players or any other electronic devices are prohibited in the locker room. To provide a safe and uncluttered teaching area, book bags are not to be brought into the PE class.
2. Gum chewing, eating or drinking during gym classes is prohibited.
3. **IF THE STUDENT HAS AN INJURY OR ACCIDENT OF ANY KIND DURING THE CLASS PERIOD OR WHILE IN THE LOCKER ROOM, IT IS TO BE REPORTED TO THEIR TEACHER IMMEDIATELY.**

Morton is fortunate to have excellent facilities and equipment. Please take care of the facilities and equipment; when things are destroyed it negatively impacts all Morton students.
The mission of the J. Sterling Morton High School District 201 Science Department is to ensure that our students can use reading, writing, and critical thinking skills to understand scientific trends, in order to become active citizens who understand scientific issues that impact our society and the global environment. The vision of the Morton Science Department will provide the tools necessary for all students to become problem-solvers, effective citizens, and productive members of our society.

Science Courses Required for Graduation (2.0 credits):

- Students need to take two science courses to fulfill the graduation requirement.

SCIENCE

MORTON SCIENCE DEPARTMENT WILL PROVIDE THE TOOLS NECESSARY FOR ALL STUDENTS TO BECOME PROBLEM-SOLVERS, EFFECTIVE CITIZENS, AND PRODUCTIVE MEMBERS OF OUR SOCIETY.

BIOLOGY (CORE)

S11CCF - SEMESTER 1  
GRADE 9  
PREREQUISITE: NONE  
CREDIT: 1.0

Students develop an understanding of laws which govern the existence of all life. Student work emphasizes experimentation, observation and analysis of experimental data. Concepts involving problem solving, biochemistry, ecology, evolution, reproduction, heredity, plant and animal physiology and the pattern of unity among living things are also studied. This course is accepted for college preparation in laboratory science.

BILITERACY BIOLOGY (CORE)

S11LMF - SEMESTER 1  
GRADE 9  
PREREQUISITE: NONE  
CREDIT: 1.0

This course is a part of the School for Biliteracy program.

This course is for students who want to develop their science skills and their Spanish language skills. This course is for students who have speaking skills in Spanish. Most of the topics will be covered in Spanish. Students will take their assessments with a bilingual exam. Student work emphasizes experimentation, observation and analysis of experimental data. Concepts involving problem solving, biochemistry, ecology, evolution, reproduction, heredity, plant and animal physiology and the pattern of unity among living things are also studied. This course is accepted for college preparation in laboratory science.

CHEMISTRY (CORE)

S22C0F - SEMESTER 1  
GRADE 10  
PREREQUISITE: S11CAS/S11HAS  
CREDIT: 1.0

Students learn the principles underlying chemical changes and their theoretical applications. Laboratory work emphasizes techniques of observation, analysis of data and formation of conclusions based on data. A scientific calculator is essential.

BILITERACY CHEMISTRY (CORE)

S22L0F - SEMESTER 1  
GRADE 10  
PREREQUISITE: S11CAS/S11HAS  
CREDIT: 1.0

This course is a part of the School for Biliteracy program.

This course is for students who want to develop their science skills and their Spanish language skills. This course is for students who have speaking skills in Spanish. Most of the topics will be covered in Spanish. Students will take their assessments with a bilingual exam.

EARTH SCIENCE (CORE)

S24C0F - SEMESTER 1  
GRADE 10  
PREREQUISITE: NONE  
CREDIT: 1.0

A study of man's physical environment is the central theme of this course. Student work focuses on the study of minerals, rocks, volcanology, seismology, plate tectonics, hydrology, meteorology, earth history and interpreting earth science data.

BILITERACY EARTH SCIENCE (CORE)

S24L0F - SEMESTER 1  
GRADE 10  
PREREQUISITE: NONE  
CREDIT: 1.0

This course is a part of the School for Biliteracy program.

This course is for students who want to develop their science skills and their Spanish language skills. This course is for students who have speaking skills in Spanish. Most of the topics will be covered in Spanish. Students will take their assessments with a bilingual exam. A study of the physical environment is the central theme of this course. Student work focuses on the study of minerals, rocks, volcanology, seismology, plate tectonics, hydrology, meteorology, earth history and interpreting earth science data.
HONORS BIOLOGY (HONORS)

S11HCF - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0
S11HCS - SEMESTER 2
COREQUISITE: S11H0S/S11H0F

Students in this accelerated course will develop the understanding of molecular biology, genetics, evolution and ecology. Work will emphasize critical thinking, writing skills, and mathematical analysis of biological data. Students will be expected to do independent research and more in-depth lab work than in regular biology.

HONORS BILITERACY BIOLOGY (HONORS)

S11LHF - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0
S11LHS - SEMESTER 2
COREQUISITE: S11LMS/S11LMF

This course is a part of the School for Biliteracy program.

This course is for students who want to develop their science skills and their Spanish language skills. This course is for students who have speaking skills in Spanish. Most of the topics will be covered in Spanish. Students will take their assessments with a bilingual exam. Students develop an understanding of laws which govern the existence of all life. Student work emphasizes experimentation, observation and analysis of experimental data. Concepts involving problem solving, biochemistry, ecology, evolution, reproduction, heredity, plant and animal physiology and the pattern of unity among living things are also studied. This course is accepted for college preparation in laboratory science.

HONORS CHEMISTRY (HONORS)

S22H0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: S11CCS/S11HCS
CREDIT: 1.0
S22H0S - SEMESTER 2
COREQUISITE: S22H0F/S22H0S

This accelerated and in-depth course develops an understanding of the principles underlying chemical changes and their theoretical applications. Work emphasizes critical thinking skills, writing skills, mathematical analysis and the use of technology.

HONORS BILITERACY CHEMISTRY (HONORS)

S22LHF - SEMESTER 1
GRADE 10
PREREQUISITE: S11CCS/S11HCS
CREDIT: 1.0
S22LHS - SEMESTER 2
COREQUISITE: S22LHF/S22LHS

This course is a part of the School for Biliteracy program.

This course is for students who want to develop their science skills and their Spanish language skills. This course is for students who have speaking skills in Spanish. Most of the topics will be covered in Spanish. Students will take their assessments with a bilingual exam. Students develop an understanding of laws which govern the existence of all life. Student work emphasizes experimentation, observation and analysis of experimental data. Concepts involving problem solving, biochemistry, ecology, evolution, reproduction, heredity, plant and animal physiology and the pattern of unity among living things are also studied.

PHYSICS STEM HONORS (HONORS)

S10H0F - SEMESTER 1
GRADE 8
PREREQUISITE: NONE
CREDIT: 1.0
S10H0S - SEMESTER 2
COREQUISITE: S10H0F/S10H0S
ONE YEAR

A general introduction to the fundamentals of motion, acceleration, forces, momentum, energy, work, power, electricity, renewable energy, waves, sound and light. Students will also be enrolled in Integrated Math 1 STEM Honors. The two classes interweave the concepts of Science, Technology, Engineering and Mathematics (STEM). Student work emphasizes experimentation, observation and analysis of experimental data.
Science Pathway
STARTING IN GRADE 11

- **Physics**
  One Semester Course

STARTING IN GRADE 12

- **AP Physics 2**
  One Year Course
  S35H0F/S35H0S
ANATOMY & PHYSIOLOGY (CORE)

S48C0F - SEMESTER 1
GRADE 11
PREREQUISITE: NONE
CREDIT: 0.5

An in-depth investigation of human structures and functions is the focus of the course. Students will have the opportunity to explore the integumentary, muscular, skeletal, cardiovascular, respiratory, nervous, excretory, endocrine and reproductive systems. Each system will be studied as an integral component of the human body. Concepts about the system are supported by the integrated laboratory investigations.

ASTRONOMY (CORE)

S46C0F - SEMESTER 1
GRADE 11
PREREQUISITE: NONE
CREDIT: 0.5

Students will conduct laboratory investigations, experiments, and actual work in current areas in Astrophysics, Planetary Geology, and Cosmology.

PHYSICS (CORE)

S33C0F - SEMESTER 1
GRADE 11
PREREQUISITE: NONE
CREDIT: 1.0

A general introduction to the fundamentals of time, space, forces, motion, wave, heat motion, energy, electricity, electromagnetism and atomic physics. Physics is essential for college study in engineering, chemistry and the medical fields. A calculator with trigonometric functions is essential.

AP BIOLOGY (HONORS)

S31H0F - SEMESTER 1
GRADE 11
PREREQUISITE: S22C0S/S22H0S
CREDIT: 1.0

Students are able to further their biological knowledge and skills, as well as prepare themselves to take additional courses of a biological nature in college. Students are introduced to techniques and equipment normally used in general college biology. Selected topics such as anatomy, physiology, population genetics and cell chemistry are covered in more detail than is done in Biology. Individual initiative, study and class discussion are expected. (A “B” average in Biology, Chemistry and Integrated Mathematics 1 is highly recommended for success in this course.) Students are required to take the AP exam. It is preferred that students enrolled in AP Biology take the summer boot camp.

AP CHEMISTRY (HONORS)

S42H0F - SEMESTER 1
GRADE 11
PREREQUISITE: S22C0S OR S24C0S
CREDIT: 1.0

Students in Advanced Chemistry cover material similar to a general chemistry course on the college level. Students work on chemical calculations, mathematical formulation of principles and extensive laboratory experimentation. Students learn to think clearly and to express their ideas orally and in writing. (A “B” average in Chemistry, Physics, and Integrated Math 3 is highly recommended for success in this course.) Students are required to take the AP exam in May. It is preferred that students enrolled in AP Chemistry take the summer boot camp.

AP ENVIRONMENTAL SCIENCE (HONORS)

S45H0F - SEMESTER 1
GRADE 11
PREREQUISITE: S22C0S OR S24C0S
CREDIT: 1.0

This college-level course provides students with scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving or preventing them. Students are required to take the AP exam in May. It is preferred that students enrolled in AP Environmental Science take the summer boot camp.
AP PHYSICS 1 (HONORS)

S34H0F - SEMESTER 1  S34H0S - SEMESTER 2
GRADE 11                     COREQUISITE: S34H0F/S34H0S
PREREQUISITE: S22C0S OR S24C0S  ONE YEAR
CREDIT: 1.0

AP Physics 1 provides students with an introductory experience in the concepts and methods of physical analysis, focused on classical mechanics and simple electrical circuits. Building the ability to reason qualitatively and quantitatively is a primary focus, with inquiry and investigation, modeling and diagramming, symbolic algebra, unit analysis, communication and argumentation, laboratory techniques, data analysis, and integration and application of concepts as emphasized skills. Students have the primary responsibility for building understanding, with the instructor as a resource and guide. Students will spend instructional time engaging with the textbook, online lecture videos, simulations, online discussions, hands-on labs (constituting 25% of instructional time), problem-solving screencasts, online homework problems, and tests/exams. Students are required to take the AP exam in May. It is preferred that students enrolled in AP Physics 1 take the summer boot camp.

AP PHYSICS 2 (HONORS)

S35H0F - SEMESTER 1  S35H0S - SEMESTER 2
GRADE 12                     COREQUISITE: S35H0F/S35H0S
PREREQUISITE: S34H0F/S34H0S  ONE YEAR
CREDIT: 1.0

AP Physics 2 is an algebra-based, introductory college-level physics course that explores topics such as fluid statics and dynamics; thermodynamics with kinetic theory; PV diagrams and probability; electrostatics; electrical circuits with capacitors; magnetic fields; electromagneticism; physical and geometric optics; and quantum, atomic, and nuclear physics. Through inquiry-based learning, students will develop scientific critical thinking and reasoning skills. Students have the primary responsibility for building understanding, with the instructor as a resource and guide. Students will spend instructional time engaging with the textbook, online lecture videos, simulations, online discussions, hands-on labs (constituting 25% of instructional time), problem-solving screencasts, online homework problems, and tests/exams. This course includes a laboratory component designed to meet College Board standards and has been reviewed and approved by the College Board. Students are required to take the AP exam in May.

AP PHYSICS C MECHANICS (HONORS)

S36H0F - SEMESTER 1  S36H0S - SEMESTER 2
GRADE 11                     COREQUISITE:S36H0F/S36H0S AND
PREREQUISITE: S22C0S OR S24C0S  M42H0F/M42H0S OR M43H0F/
M43H0S  ONE YEAR
CREDIT: 1.0

Students are able to further their physics knowledge and skills, as well as prepare themselves to take additional courses of a physics nature in college. Students are introduced to techniques and equipment normally used in general college physics. Selected topics such as kinematics, Newton's laws of motion; work, energy and power; systems of particles and linear momentum; circular motion and rotation; and oscillations and gravitation. Individual initiative, study and class discussion are expected. (A “B” average in Chemistry, Physics, and Integrated Math 3 is highly recommended for success in this course.) AP Calculus AB or AP Calculus BC are a corequisite. Students are required to take the AP exam. It is preferred that students enrolled in AP Physics take the summer boot camp.
Science Pathway
Project Lead the Way Pathway

STARTING IN GRADE 9

Principles of Biomedical Science
One Year Course
S25H0F/S25H0S

Human Body Systems
One Year Course
Available 2021-2022
Starting in Grade 10
S26H0F/S26H0S

* J. Sterling Mortong High School District identifies Project Lead the Way courses as elective credit. These courses do not count toward the required Science credits for graduation.

PRINCIPLES OF BIOMEDICAL SCIENCE (ELECTIVE)

S25H0F - SEMESTER 1
GRADES 9-12
PREREQUISITE: NONE
CREDIT: 1.0

S25H0S - SEMESTER 2
COREQUISTE: S25H0F/S25H0S
ONE YEAR

In the introductory course of the PLTW Biomedical Science program, students explore concepts of biology and medicine to determine factors that led to the death of a fictional person. While investigating the case, students examine autopsy reports, investigate medical history, and explore medical treatments that might have prolonged the person’s life. The activities and projects introduce students to human physiology, basic biology, medicine, and research processes while allowing them to design their own experiments to solve problems.

HUMAN BODY SYSTEMS AVAILABLE 2021 2022 SCHOOL YEAR (ELECTIVE)

S26H0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: NONE
CREDIT: 1.0

S26H0S - SEMESTER 2
COREQUISTE: S26H0F/S26H0S
ONE YEAR

Students examine the interactions of human body systems as they explore identity, power, movement, protection, and homeostasis. Exploring science in action, students build organs and tissues on a skeletal Maniken®; use data acquisition software to monitor body functions such as muscle movement, reflex and voluntary action, and respiration; and take on the roles of biomedical professionals to solve real-world medical cases.
The mission of the J. Sterling Morton District 201, Social Science department, is to ensure our students can use reading, writing, and critical thinking skills to understand historical, economic, and societal trends, to become active citizens in a participatory democracy. The Faculty of Social Sciences empower students with the tools for our students to become life-long learners, problem solvers, and productive members of society.

Social Science Course Required for Graduation (2.5 credits):

- One Year (1 credit) must be US History or AP US History
- One Semester (.5 credit) must be Civics & Economics
- One Credit – (1 credit) remaining can be a combination of semester or yearlong courses within the Social Science course offerings

SOCIAL SCIENCE CORE

AT THE CORE LEVEL, THE SOCIAL SCIENCES EMPOWER STUDENTS WITH THE TOOLS FOR STUDENTS TO BECOME LIFE-LONG LEARNERS, PROBLEM SOLVERS, AND PRODUCTIVE MEMBERS OF SOCIETY.

CIVICS & ECONOMICS (CORE)

H40C0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: NONE
CREDIT: 0.5

Students will examine the basic principles and foundations of American Government. A heavy emphasis of study will be on the Constitution and the role it plays in the day-to-day lives of American citizens. Students will learn about their basic rights and how to protect them. Students will also gain an understanding of the importance of becoming active citizens in their communities and in understanding the strengths and weaknesses of the American system of government compared to that of other nations. Students will understand the government's role in our economy. Students will participate in a legislative simulation and complete a service learning project. Students graduating in 2020 and after will need to successfully complete this course as a requirement for graduation.

LATIN AMERICAN HISTORY (CORE)

H35R0F - SEMESTER 1
GRADES 10-12
PREREQUISITE: NONE
CREDIT: 0.5

Students will investigate the history of Latin America, the geography of that region, the cultures of that region (both Native American and the hybrid cultures which emerged after European settlement), and the relationship of this region to the rest of the world. During the first semester, material from Pre-Columbian times to the year 1900 will be covered. The second semester will cover Latin America during the 20th Century.

MODERN WORLD HISTORY (CORE)

M31C0F - SEMESTER 1
GRADE 10-12
PREREQUISITE: NONE
CREDIT: 0.5

In this course students will track history from World War II to the present. World War II, The Cold War, postwar independence movements, the Vietnam War, and the Middle East are among the topics covered. This course also examines the technological and social changes that have taken place since World War II. Students will gain an understanding of how these events and changes have shaped the world they now live in.

SOCIOLOGY (CORE)

M40C0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: NONE
CREDIT: 0.5

Students study the social interactions and how they influence behaviors in society. Individuals will respond to group situation and solve everyday problems. Throughout the course students will examine topics such as culture, socialization, institutions, social stratification classes, deviance, and race relations. Theories regarding each topic will be discussed, explored, and applied to their daily lives.

WORLD HISTORY (CORE)

H11CCF - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0

Students trace the development of civilization from the Classical Period to the Modern Age and increase their awareness of man’s role in creating the different societies. Students will be introduced to primary and secondary source analysis and Document Based Questions. Focus is on developing reading, writing, and critical thinking skills.

UNITED STATES HISTORY (CORE)

H31C0F - SEMESTER 1
GRADES 11-12
PREREQUISITE: NONE
CREDIT: 1.0

Students will review, analyze and interpret various forces and values which have shaped and still influence behavior and events in the United States from the Colonial era to modern times. Students will be introduced to the use of primary and secondary source analysis and Document Based Questions. Focus is on developing reading, writing, and critical thinking skills.
SOCIAL SCIENCE HONORS

AP CLASSES/HONORS CLASSES SHARPEN STUDENTS’ WRITING SKILLS, TEACH THEM HOW TO THINK BOTH CRITICALLY AND ANALYTICAL WHILE ALSO IMPROVING THEIR PROBLEM-SOLVING ABILITIES. AP STUDENTS LEARN TO NAVIGATE THE ACADEMIC EXPECTATIONS THEY WILL ENCOUNTER IN COLLEGE COURSES. STUDENTS WHO PASS THE AP EXAM FOR THE COURSE RECEIVE COLLEGE CREDIT.

### AP MICROECONOMICS (HONORS)

The Honors section carries an Honor Point. The purpose of AP Microeconomics is to give students a thorough understanding of principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the larger economic system. Students learn why individuals, businesses, governments and societies must make choices to get more of the goods and services they want. Topics include: supply and demand, market clearing prices, starting your own business, the role of the federal government in the economy, consumerism and personal investment strategies. Students are required to take the AP exam. This course fulfills the Consumer Education Graduation requirement.

### AP EUROPEAN HISTORY (HONORS)

</tbody>
</table>

AP European History carries an Honor Point. Highly motivated, successful history students study the history, political and economic development and influence of European countries. A “C” or better in this course will earn you an honors point, and a 3 or better on the AP exam will earn you a full college credit at any Illinois state college. Students are required to take the Advanced Placement Exam at the end of the year. Summer readings are required. Students may not drop the course once enrolled in it.

### AP GOVERNMENT & POLITICS (HONORS)

</table>

Following the College Board’s suggested curriculum designed to parallel college-level Human Geography courses, AP Human Geography introduces students to the systematic study of patterns and processes that have shaped the ways in which humans understand, use, and alter the earth’s surface. Students use spatial concepts and landscape analysis to examine human social organization and its environmental consequences and also learn about the methods and tools geographers use in their science and practice. Students are required to take the AP test in May.

### AP PSYCHOLOGY (HONORS)

</tbody>
</table>

The AP section carries an Honor Point AP World History is a college-level course offered to 9th grade students who have shown the academic preparedness to be successful in a rigorous history course. APWH is designed to help students develop greater understanding of the evolution of global processes and contacts and interactions between different types of human societies. This understanding is advanced through a combination of selective factual knowledge and appropriate analytical skills. The chronological time frame is from 8000 BCE to the present.
Adaptive Skills instruction (ASI)
Academic Resource Services
Emotional Support Instruction (ESI)
EBD Resource
Foundational Math
Functional Skills Instruction (FSI)
Morton Transition Center

The educational future of all students hinges on helping students and teachers become better members of a community by creating new visions for students and for schools. Including students in the general curriculum is not only a legal requirement; it is what is morally and ethically right.

COURSES TAKEN IN SELF-CONTAINED SETTING
- Depending on Placement
- Small classroom environment
- SPED Teacher

ADAPTIVE SKILLS INSTRUCTION (ASI)

The vocational component of the ASI program is designed to provide a variety of training experiences, both within the school and in the community, for students with moderate, severe and profound cognitive disabilities. These experiences are progressive in nature and allow the students to practice work skills, behaviors, teamwork and appropriate work attitudes. Students are expected to learn and perform the job site rules and responsibilities to the best of their ability and are evaluated based upon four categories: on-site job behavior, preparedness for work, demonstrating job-site knowledge, and demonstrating job readiness and independence. This course is individualized to meet each student’s IEP goals.

- Daily living skills, community-based & pre-vocational instruction
- Certificate of Attendance

ACADEMIC RESOURCE SERVICES

The resource component of the ASI program is designed to provide extra support to students to be successful in their regular classes. Students are assigned a resource period in place of their supervisory period. During the 30 minute resource period, the resource teacher will review progress in core classes, re-teach, review or modify curriculum, reinforce study skills, and work on improving student deficit areas, as delineated in the IEP. The resource teacher will provide testing accommodations either through a pull out or push in model, whichever is appropriate, as delineated in the IEP.

When needed, the resource teacher will work with the student and parent to monitor progress on a daily basis. Resource teacher will assist student with organizational skills. Resource teacher will work with students to improve self-advocacy and communication skills, so as to be successful in a post-secondary setting. Students may work to reduce the number of minutes of resource services required per week, so as to appropriately meet the needs of each student, keeping in mind least restrictive environment. The goal is for each student to access the minimum amount of resource minutes in order to be successful and make progress toward their IEP goals.

- General Education classroom
- *Includes Academic Resource
- Classes of 25-30

ADDITIONAL SERVICES

- Odysseyware (Credit Recovery for Seniors)

EBD RESOURCE

ROOSOF - SEMESTER 1
GRADES 9-12
PREREQUISITE: NONE
CREDIT: 0

ROOSOS - SEMESTER 2
COREQUISITE: NONE
ONE YEAR

Emotional & Behavioral supports provided throughout school day.

EMOTIONAL SUPPORT INSTRUCTION (ESI)

R20S1F - SEMESTER 1
GRADES 9-12
PREREQUISITE: NONE
CREDIT: 1.0

R20S1S - SEMESTER 2
COREQUISITE: NONE
ONE YEAR

Students will learn SEL and executive functioning skills that students can use to navigate challenges at school, in their personal life, and in post-secondary pursuits. Students will learn to better understand their thoughts, emotions, and behaviors and strategies they can use to help manage them. (only offered for student’s with IEP’s)

FOUNDATIONAL MATH

M32S1F - SEMESTER 1
GRADE 12
PREREQUISITE: NONE
CREDIT: 1.0

M32S1S - SEMESTER 2
COREQUISITE: NONE
ONE YEAR

A program which utilizes Math 180 software and instruction related to increasing students basic math and Algebraic skills.
The Functional Skills Instruction (FSI) Program provides students with the opportunity to participate in courses which focus on the remediation of basic math and English skills, along with vocational training. All academics are presented on a functional level, and incorporated into real-world scenarios. Students in FSI are encouraged to work with peers in small groups in order to strengthen social skills. Appropriate responses and social interactions are fostered during all aspects of the program. With the completion of the program, students will earn an adjusted diploma. The ultimate goal of the program is to help students become as independent and successful members of society as possible.

The core classes for the program are Applied English and Applied Math. There is also a vocational training component. Vocational training includes volunteer positions within the building, supportive employment at an off-campus training site, and competitive employment within the community. The program also offers other content courses such as World Readiness, Office Skills, Health and PE.

Students independently follow their schedule, navigate the building and take general education electives when appropriate.

- Self-contained, small classroom environment
- SPED Teacher & Aide
- Adjusted Diploma
- Instruction facilitates transition from school to postsecondary life

The center works closely with families and outside agencies to help students independently follow their schedules, navigate the building, and take general education electives when appropriate.

### Inclusion Support with Inclusion Resource

#### ROOSOF - Semester 1
- Grades 9-12
- Corequisite: None
- Credit: 0

#### ROOSOS - Semester 2
- Grades 9-12
- Corequisite: None
- Credit: 0

Students are enrolled in general education core classes of 25-30 students that includes frequent push-in and pull-out by a Special Education Inclusion teacher for each content-area. Students are also assigned an Inclusion Resource period where they can receive small-group instruction, assistance with executive functioning skills, and have their academic and functional performance reviewed by a Special Education teacher. The Inclusion Resource teachers arrange testing accommodations such as extended time and the availability of a small-group environment. Inclusion Teachers work closely with their general education counterparts to ensure curriculum is appropriately delivered to Special Education students.

### Inclusion Teachers Provide the Following Supports to Special Education Students:
- Push-in to General Education classes and Special Education Resource periods to provide support to students.
- Share IEP and BIP documents with fellow team members.
- Create materials that are geared towards supporting students’ academic deficits.
- Support general education teacher on lab days, major activities, writing assignments, etc.
- Accommodate and modify daily lesson plans in collaboration with the general education teacher
- Provide accommodations as defined in the IEP
- Pull-out to alternate testing location

## Morton Transition Center

The Morton Transition Center is for 18-21 year-old students with cognitive disabilities and/or autism. The focus is on transition goals and the intent is to further develop independent living skills, communication skills, vocational abilities, and recreational activities. The center works closely with families and outside agencies to help develop these skills. Learn about the Morton Transition Center at [www.morton201.org/MTC](http://www.morton201.org/MTC)

### Strategic Reading

#### E32SIF - Semester 1
- Grade 10
- Corequisite: None
- Credit: 1.0

A blended learning program utilizing Read 180 and System 44 technology to help struggling readers improve skills. This program combines technology and teacher-led instruction to provide an individualized experience for students customizing instruction and targeting the student’s specific reading needs.

### Related Instruction / Employment I

#### I41S1F OR I41J1F - Semester 1
- Grade 11
- Corequisite: I42S1F OR I42J1F
- Credit: 2.0

Students will build the skills necessary for successful employment, seek and maintain part-time employment.

### Related Instruction / Employment II

#### I42S1F OR I42J1F - Semester 1
- Grade 12
- Corequisite: I41S1F OR I41J1F
- Credit: 2.0

Students will build the skills necessary for successful employment, seek and maintain part-time employment.

### Self Contained Instructional (LDI)

Students enrolled in LDI Vocational Courses learn about the world of work in a classroom setting. Vocational students are given opportunities through a range of work experiences to practice skills learned in the classroom. The goal is to develop students workplace skills and behavior to such a point that they can obtain and maintain competitive employment with or without supports. Students learn how to complete applications, obtain job leads, develop resumes, learn and refine interviewing skills and how to perform successfully on the job. They have opportunities to meet employers and hear about requirements and expectations for success. Students also meet regularly with adult agency and post-secondary providers to assist them in achieving their employment and transition goals.

- Self-contained, small classroom environment
- SPED Teacher & Aide
- Diploma (grade-level curriculum)
- Classes of 10-17
ADDITIONAL COURSES TAKEN IN SPECIAL EDUCATION

COURSES TAKEN IN SELF-CONTAINED CLASSES (LDI)
- Small Classroom environment
- SPED Teacher and Teaching Assistant
- Diploma received (grade level curriculum)
- Courses have the same description as corresponding core level classes

ADDITIONAL COURSES TAKEN IN SPECIAL EDUCATION

APPLIED ENGLISH I
E22S6F - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0

Students placed by IEP only
In this course, we will address phonics skills, the remediation of basic reading skills, and improvement of comprehension skills. We will be using System44, which is an online, interactive, individualized standards-based curriculum.

APPLIED ENGLISH II
E23S6F - SEMESTER 1
GRADE 10
PREREQUISITE: E22S6F/E22S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address phonics skills, the remediation of basic reading skills, and improvement of comprehension skills. We will be using System44, which is an online, interactive, individualized standards-based curriculum.

APPLIED ENGLISH III
E24S6F - SEMESTER 1
GRADE 11
PREREQUISITE: E23S6F/E23S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address phonics skills, the remediation of basic reading skills, and improvement of comprehension skills. We will be using System44, which is an online, interactive, individualized standards-based curriculum.

APPLIED ENGLISH IV
E25S6F - SEMESTER 1
GRADE 12
PREREQUISITE: E24S6F/E24S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address phonics skills, the remediation of basic reading skills, and improvement of comprehension skills. We will be using System44, which is an online, interactive, individualized standards-based curriculum.

APPLIED HISTORY

H31S6F - SEMESTER 1
GRADE 11
PREREQUISITE: NONE
CREDIT: 1.0

Students placed by IEP only
Students will explore a variety of topics pertaining to social studies. Students will learn basic map skills, introduction to world religions and important world and American historical events while focusing on improvement in reading, writing, comprehension and critical thinking.

APPLIED MATH I

M22S6F - SEMESTER 1
GRADE 9
PREREQUISITE: NONE
CREDIT: 1.0

Students placed by IEP only
In this course, we will address the remediation of basic math skills, along with the development of functional math skills that will enable students to become as independent as possible. We will be using the Unique Learning System, which is an online, interactive, standards-based curriculum.

APPLIED MATH II

M23S6F - SEMESTER 1
GRADE 10
PREREQUISITE: M22S6F/M22S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address the remediation of basic math skills, along with the development of functional math skills that will enable students to become as independent as possible. We will be using the Unique Learning System, which is an online, interactive, standards-based curriculum.

APPLIED MATH III

M24S6F - SEMESTER 1
GRADE 11
PREREQUISITE: M23S6F/M23S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address the remediation of basic math skills, along with the development of functional math skills that will enable students to become as independent as possible. We will be using the Unique Learning System, which is an online, interactive, standards-based curriculum.

APPLIED MATH IV

M25S6F - SEMESTER 1
GRADE 12
PREREQUISITE: M24S6F/M24S6S
CREDIT: 1.0

Students placed by IEP only
In this course, we will address the remediation of basic math skills, along with the development of functional math skills that will enable students to become as independent as possible. We will be using the Unique Learning System, which is an online, interactive, standards-based curriculum.
APPLIED MATH IV

M25S6F - SEMESTER 1  
GRADE 12  
PREREQUISITE: M24S6F/M24S6S  
CREDIT: 1.0

M25S6S - SEMESTER 2  
COREQUISITE: NONE  
ONE YEAR

Students placed by IEP only

In this course, we will address the remediation of basic math skills, along with the development of functional math skills that will enable students to become as independent as possible. We will be using the Unique Learning System, which is an online, interactive, standards-based curriculum.

APPLIED SCIENCE

• Transportation
• Extended School Year (ESY)

OFFICE SKILLS
I33S6F - SEMESTER 1
GRADERS 9-12
PREREQUISTE: NONE
CREDIT: 1.0

Students placed by IEP only
This class raises each student’s awareness in the skills needed to work in an office setting. The following are some of the areas that will be addressed: interpersonal skills, computer programs, data entry, alphabetizing/filing, and telephone skills.

WORLD READINESS
I40S6F - SEMESTER 1
GRADERS 10-12
PREREQUISTE: NONE
CREDIT: 1.0

Students placed by IEP only
This class is designed to raise student awareness of pertinent current events in the U.S. and around the world, how to understand what they mean and how that may effect them. The class also focuses on teaching critical every-day life skills such transportation and financial planning/literacy.

EMPLOYABILITY SKILLS I
I30S6F - SEMESTER 1
GRADE 9
PREREQUISTE: NONE
CREDIT: 1.0

Students placed by IEP only. Course can be repeated for credit.
Entry level work program class for students ready to begin working independently with minimal supports and supervision. Students are placed in training sites in the school twice a week. In class, students learn about Universal Job Skills and how to complete basic forms.

EMPLOYABILITY SKILLS II
I31S6F - SEMESTER 1
GRADERS 10-12
PREREQUISTE: I30S6F/13S6S
CREDIT: 1.0

Students placed by IEP only. Course can be repeated for credit.
Moderate level work program class for students capable of working independently with minimal supports and supervision. Students are placed in training sites in the school three days a week. In class, students learn how to complete applications, develop a resume and interview.

EMPLOYABILITY SKILLS III
I32J6F OR I32S6F - SEMESTER 1
GRADE 11-12
PREREQUISTE: I31S6F/13S6S
CREDIT: 2.0

Students placed by IEP only. Course can be repeated for credit.
Advanced level work program class for students capable of working in competitive or volunteer jobs (with or without supports) in the community. Students attend class daily to learn how to obtain and maintain part time employment.

CAREER EXPLORATION
I34S6F - SEMESTER 1
GRADERS 10-12
PREREQUISTE: NONE
CREDIT: 1.0

Students placed by IEP only. Course can be repeated for credit.
Work program class for students who are not ready or capable working in the building or community without direct supervision. Class will focus on career exploration, learning about Universal Job Skills, completing applications, developing resumes and interviewing.

J. Sterling Morton High School District 201 89
The Morton Transition Center is for 18-22 year-olds with severe and profound disabilities who meet the criteria determined by their IEP. Students receive job training inside the building in the PAES Lab (job training lab) and outside the building and job sites met to fit the student needs.

The goals for Morton Transition Center students are:

- Increasing independence in adult living situations
- Improving self-determination skills
- Enhancing social & communication skills
- Creating experiences through on the job learning and volunteer work
- Preparing for community living and participation

Tours of the MTC are available upon request.

Dan Loftus
Morton Transition Center Coordinator

dloftus@jsmorton.org
LAB SAFETY RULES LANGUAGE

A violation of the rules below will result in disciplinary consequences. Upon the occurrence of a violation or of a pattern of violations that either jeopardizes or might jeopardize the safety of any student, any other person, or any property, the teacher may, in his or her discretion, refer the student to the Assistant Principal. Upon a referral to the Assistant Principal, a meeting shall be held between the Dean of Students, the Student and the Student’s parents to review and discuss the student’s conduct. Following the meeting, the Assistant Principal shall determine the appropriate disciplinary consequences necessary to address the behavior, which consequences might include up to an out of school suspension, the student’s withdrawal from the class or a request for an expulsion hearing. An Assistant Principal’s decision to issue an out of school suspension or to withdraw a student from the class may, upon a request by the student, a parent or guardian, be appealed to a hearing officer appointed by the Board of Education. In the event of an appeal, the hearing officer and the student, parents or guardian shall hold a hearing to review the student’s conduct and the decision of the Assistant Principal. The hearing officer shall present a written summary of the evidence heard and a transcript of the hearing to the Board of Education who shall make the final decision on the appeal. Safety within a science or technology laboratory is of utmost importance to the faculty and staff of District 201. Students who work with potentially dangerous materials or equipment are well informed about safety procedures and precautionary techniques to avoid unnecessary injuries. It is the inappropriate behavior of the student within the laboratory that results in avoidable accidents. Examples of courses applicable to these rules include: Science labs, automotive, stage craft, etc.

Students are NOT to:
1. Throw any object or liquid.
2. Run.
3. Push another student.
4. Hit another student.
5. Vandalize anything.
6. Interfere with another student’s experiment.
7. Engage in any physical confrontation.
8. Become a hazard due to lack of preparation for the lab experiment.
9. Fail to wear safety goggles when required.
10. Use chemicals or equipment in an inappropriate manner.
11. Remove lab materials from the lab.
12. Inappropriately use fire, chemicals, hot items, or liquids.
13. Fail to perform appropriate clean up or disposal of harmful materials.
14. Fail to return equipment to the designated areas after use.
15. Fail to immediately report chemical spills to the instructor.
16. Tamper with lab control devices (i.e., gas valves, electrical control boxes, air regulators, etc.) without permission.
17. Fail to immediately report accidents and/or breakage to the instructor.
18. Taste any chemical.

Students MUST:
1. Follow your teacher’s directions.
2. Perform only authorized experiments.
3. Protect long hair, eyes, face, hands, and body.
4. Follow your teacher’s clean up procedures.
5. Know where to get help in an emergency.
6. Know the location of first aid and firefighting equipment.
7. Report all accidents to the teacher IMMEDIATELY.
8. Ask questions if they do not understand anything pertaining to the class.
CAREER CLUSTER FRAMEWORK

While it is important for students to develop a four-year plan that meets both high school graduation requirements and university admission requirements, students may also use their high school coursework as an opportunity to explore potential career options. J. Sterling Morton High School offers a robust selection of educational experiences within our curricular and co-curricular programs across a wide array of career pathways. The Career Clusters and related Career Pathways serve as an organizational tool to help students plan their learning at Morton to prepare for post-secondary opportunities.

Students can find additional information about the Career Clusters and related Career Pathways on the following website:
